HURLED SELF BEFORE FAST MOVING TRAIN

Body of Man Literally Ground To Pieces.

NEW YORK POLICE MYSTIFIED

White Wife of Chinaman Loses Life. Man With Fractured Skull Dragged from East River—Woman Is Found Bound, Gagged and Senseless.

New York, Dec. 6.—Three of New York's great highways, the river, the underground railway and the street of that dark section known as Chinatown, each furnished a police mystery today.

In the cases of the subway and Chinatown, death had come between the victims and the investigators.

Mangled by Train.

In the first the police have only the mangled body of a man who, before he hurled himself before a rapidly moving train, had taken every precaution to thwart the efforts of the officers to establish his identity. His clothing, unmistakably new, bore not a single distinguishing mark, and not even a trinket was found in any of the pockets.

The man appeared to be about 40 years of age, weighing 170 pounds, was 5 feet, 9 inches in height, had dark hair and blue eyes, and the scrupulous care with which he was dressed indicated that he was not a laborer.

Beyond these details, however, nothing is known. The man jumped directly in front of a train as it swung into the One Hundred and Thirty-seventh street and Broadway station of the subway. His body was literally ground to pieces.

The Chinatown Mystery.

The Chinatown mystery was the death of a woman, Lottie Lane, a white woman, whose husband, a Chinaman, died a short time ago. Since then she has been living in Pall street in the house of Mock Duck, one of the most notorious of the Chinese leaders in New York, who is now under arrest awaiting the trial on a charge of murder. Lottie Lane had three callers last night, a Chinaman and a white man and a white woman. During the night these callers summoned a physician and notified the police that their hostess had fainted while she was entertaining them. The physician who found her dead when he arrived, regarded the death as suspicious. The police put the three callers under arrest and began an investigation.

Dragged from East River.

The central figure in the mystery of the river is William Hallinger, aged 26 years, a market man, who says his home is in Yonkers. He was dragged from the East river near the upper end of Hellgate early this morning, more dead than alive, by a tug boat captain who heard his cries for help.

Hallinger said he came down from Yonkers yesterday with a load of produce and after disposing his wares started out to enjoy himself. He told the police that he remembered little from late last night until he was found struggling in the water. At the hospital it was found than the man had a fractured skull.

Young Girl Gagged and Bound.

Mabel Weber, a 20-year-old girl, was the fourth victim. She was found lying bound, gaged and senseless, in the hallway of the house in West Forty-first street, where she resided with two girl companions. She was taken to a hospital.

For hours she was unable to give the police any information whatever to assist them in locating her assailant.

Removed from Office.

Washington, Dec. 6.—President Roosevelt has removed from office Jas. C. Pettijohn, register of the land office at Valentine, Neb., for participation in alleged land frauds in that state.

Minnesota Murderer Hanged.

Elk River, Minn., Dec. 6.—C. D. Crawford, who was convicted of the murder of Heino Lundeen in a box car near here on Nov. 29, 1904, was hanged here today.

WAR BEGUN ON EDISON CO.

May Develop Into Extensive Disturbance Among Building Trades.

Chicago, Dec. 6.—War began yesterday on the Chicago Edison company by the electricians' union, may develop into the most extensive disturbance among the building trades since the great lockout of 1900. Several small strikes already have been called and more will be ordered today.

These agents of the electricians' union visited the big down-town buildings in the afternoon and wherever a nonunion man was found employed, the union workmen were ordered to stop work. The same plan will be followed today. It is the intention of the leaders to tie up every contract of the Edison company on which nonunion men are employed.

The greatest danger of the strike spreading lies in the attitude of the other unions in the associated building trades. It practically is certain that the close alliance among the various trades will impel every union workman employed on a building to show his sympathy for the electricians on strike. In such a case building operations would be brought to a stand still. The board of business agents of the associated building trades will take up the strike question today.

FIFTEEN INJURED BY EXPLOSION

Workman Thrust Cold Bar of Steel into Furnace of Molten Metal.

Chicago, Dec. 6.—Fifteen men were burned last night by an explosion in the International Harvester company's plant at One Hundred and Twentieth street and Muskegon avenue, three of whom probably will die.

The explosion was caused by a workman thrusting a cold bar of steel into a furnace of molten metal. In the immediate vicinity of the furnace at the time sixty men were working. The more seriously injured were in the furnace pit.

Following the explosion chaos reigned in the furnace room for several minutes. Molten metal was hurled about the room and the smoke and fire that shot from the furnace filled the room so the workmen were unable for several minutes to find the exits. With the groans of their wounded fellows ringing in their ears, they groped about helplessly, stumbled over those who had been prostrated by the blast. From the furnace chimney the flames shot high into the air and could be seen for miles.

The plant was not damaged to any extent by the explosion.

NEGRO SEEMS TO RETAIN NERVE

Man Who Will Hang Friday Eats and Sleeps Well.

Atlanta, Dec. 6.—With barely three days of life left to him, Jim Walker, the negro who will hang next Friday for criminally assaulting Mrs. Alice Moore, wife of G. W. Moore, has shown no sign of breaking down. The negro has displayed great concern for his salvation in a quiet manner and has stated to the jail officials that he dreads death.

So far, however, th econdemned negro has taken life as easy as the first few days after his sentence by the court. The officers at the Tower say that Walker eats and sleeps well and that he does not give the death watch the least trouble.

Those who have seen the negro since he was convicted believe that he will retain his nerve to the last and will mount the gallows' steps with a firm tread.

Validity of Law Being Tested.

Columbia, S. C., Dec. 6.—The validity of the Brice law, under which the dispensary has been voted out in over a dozen counties in South Carolina, which was to have been argued in the state supreme court Monday, was postponed for a final hearing until Jan. 8. The future of the dispensary, as a state institution, will depend largely on the decision of the supreme court.

New Orleans Has Killing Frost.

New Orleans, Dec. 6.—New Orleans today had a killing frost, the first of the season, with the temperature down to 32 degrees. The temperature has been lower than this before Dec. 6, but twice in the 35 years.

POLAND IS FREED FROM MILITARY RULE

Mutineers Ordered to be Tried By Court Martial.

OFFICIALS PROHIBIT A MEETNG

Little Village on Borders of Baltic Has Organized New Republic and Issued Manifesto Abolishing Rule of Emperor and Deity—Other News.

Warsaw, Dec. 6.—The abolition of the minor state martial law, was gazetted today and Poland is now completely free from military rule.

The authorities have prohibited a proposed meeting of the striking post and telegraph employes. The disorganization of business can be judged from the fact that while before the strike the Warsaw office handled 22,000 telegrams daily, the office now handles only 1,500.

Advices from Sebastopol say that the government has ordered the mutineers to be tried by courtmartial in accordance with the procedure in use in war time. Information from Moscow says that a committee of the bourse is trying to arrange a settlement of the telegraph strike.

General Strike Is Urged.

Warsaw, Dec. 6—The executive committee of the railroad employes' union has telegraphed to all stations of the Russian railroads urging the men to begin a general strike at midnight unless the sentence of death passed by the courtmartial at Samaria on Sokoloff, an engineer, and on other local leaders of the recent strike at Samaria, are reversed before that hour.

New Republic Organized.

St. Petersburg, Dec. 3, via Eydtkunen, East Prussia, Dec. 5.—News which has a curious parallel in the French revolution comes from a little village on the borders of the Baltic where the people have organized the republic of Novarganak. They have issued a manifesto abolishing the rule not only of the emperor but of the deity, which has been read in the churches and the popular assembly halls.

Marauders Attack Refugees.

Bucharest, Roumania, Dec. 6.—Many wealthy refugee families from Odessa and Kishineff have reached Jassy. They report an alarming spread of the agrarian movement. Their train was several times attacked by mauraders at Bessarabian villages between Ekaterinoslav and Ungehei.

Refused to Sign Ministerial Note.

Constantinople, Dec. 6, via Sofia.—The counsel of ministers has agreed to yield to the demands of the powers in principle but the sultan has not yet issued an irade approving of this action. It seems that the war minister refused to sign the ministerial note on the subject which is couched in conciliatory terms, and pronounces in favor of the acceptance in principle of the requirements of the European concert. The sultan said he was awaiting unanimity on the part of the ministers before sanctioning their action.

To Form New Cabinet.

London, Dec. 6.—Sir Henry Campbell Bannerman saw the king at Buckingham palace this morning and accepted the task of forming a new cabinet. The Duke of Devonshire, Liberal Unionist, former lord president of the council, was among the callers on the new premier before the latter went to the palace and in political circles importance is attached to the visit as possibly signifying a working agreement on certain points of policy between the anti-protectionist unionists, of which the Duke has been the recognized leader since his cession from the Balfour cabinet and the new government.

Bostonians True to Beans.

Boston, Dec. 6.—Bostonians are still true to the baked bean. Last year they spent on their favorite diet more than the cost of two battleships or $6,599,272. According to wholesale dealers 65,732 barrels were consumed in that period and the demand is increasing.

MAKING FIGHT ON WEEVIL.

But the Bug Has a Wary Eye and May Win.

Jackson, Miss., Dec. 6.—W. M. Bainberge, boll weevil expert of the United States department of agriculture, who is now making his headquarters in Jackson has established more than a dozen demonstration farms to be operated under government supervision next year. He has just returned from a trip to the southern part of Hinds county during which he located several farms in the vicinity of Utica and Raymond.

These farms are to be tilled by owners or tenants under the supervision of Mr. Bainberge and his assistants, Dr. A. S. Knapp, and the principal object of their work will be to prepare the farmers for a campaign against the boll weevil which, according to the government experts, is absolutely certain to reach this state within the next two years, probably during the approaching crop year.

The government plan of counteracting the boll weevil, as set forth by Mr. Bainberge, is the cultural method, plowing the coton fields in the fall as soon as the staple is gathered, and the planting of varieties of cotton that mature the next year before the boll weevil has a chance to get in his work. It remains to be seen whether the boll weevil will also move up his dates to catch the farmer. This method has been employed with much success in Texas and Louisiana.

RELIEF FOR RUSSIAN JEWS.

Over a Million Dollars Has Been Cabled for Their Aid.

New York, Dec. 6.—It was decided yesterday by the national committee for the relief of the Jews in Russia to raise at least $1,000,000 more. When the committee met Mr. Strauss said:

"I had hoped that this meeting would be our last, but I fear it will not be. Although over $1,000,000 has been collected for our co-religionists, no offering that could be made is sufficient or can be sufficient."

Jacob H. Schiff, treasurer of the committee, reported that he had forwarded $1,000,000 by cable to Lord Rothschild in London. Since the reported completion of the first $1,000,000 the committee has received $35,000. Mr. Schiff will be able to send an additional $50,000. It was learned yesterday that E. H. Harriman was the anonymous contributor of $10,000 last Saturday.

Secretary Sulsberger in his report of the collection of $1,000,000 said of that amount $430,838 86 was the New York contributions, representing about 55,000 contributors. Of this $66,000 came from non-Jewish sources. In fact, about 20 per cent of the grand total was given by Christians.

Chicago was second on the list with $84,608; Philadelphia, third, with contributions amounting to $60,608, and Boston, fourth with $20,025.

TO PERMIT PICTURES OF SHOW.

Jamestown Exposition Can Now Advertise in Postoffices.

Washington, Dec. 6.—Actnig Postmaster General Frank H. Hitchcock has issued the following order in connection with the Jamestown exposition:

"Order No. 691. Inasmuch as congress has made an appropriation for an international naval and military and marine celebration, to be held in the vicinity of Jamestown, Va., in the year 1907, the postoffice department will not object to the posting of birdseye views or other proper material pertaining only to the exposition on the walls of the postoffices where it will not interfere with official business."

STATE ASKS BIG DAMAGES.

South Carolina Sues for $200,000 Ament Capitol Work.

Columbia, S. C., Dec. 6.—The state house suit, which is an action by the state of South Carolina to recover damages in the sum of $200,000 against McIlvain, Unkeger & Co., a contracting firm of Pittsburg, Pa., and Frank P. Milburn, architect, of Columbia, for alleged fraud in the construction of the work in completing the state capitol building, has been concluded and a verdict will probably be reached Tuesday.

PRESIDENT'S MESSAGE READ TO CONGRESS

Full Attendance of Members of the House.

PRESIDENT EXTENDS GREETINGS

The Document Was Delivered by Secretary Barnes and Immediately Followed the Announcement that the House Was Ready for Business.

Washington, Dec. 6.—When the house met at noon today there was a full attendance of members present and the galleries were comfortably filled in anticipation of the reading of the message of President Roosevelt. Representatives Humphries (Miss.) and Claud Kitchen (N. C.) presented themselves and took the oath of office.

Pending the receipt of the president's message, the house, after the reading of the journal, took a recess for ten minutes.

President's Message Read.

Washington, Dec. 6.—The annual message of the president was read to the senate today very soon after the convening of that body. The document was delivered by Secretary Barnes, and followed immediately upon the announcement by Mr. Allison, chairman of the committee, appointed to wait upon the president and notify him that congress was organized and prepared to transact business.

In making the announcement of the committee's call at the White House, Mr. Allison said that the president had asked that his greeting be extended to the members of the congress individually and collectively.

There was an exceptionally large attendance of senators and most of them followed closely the reading of the message by Secretary Bennett and his assistants.

CANAL APPROPRIATION URGED.

Action May Be Taken on Matter Before the End of Week.

Washington, Dec. 6.—The emergency appropriation for the Panama canal will be made by the house before the committees of that body have been appointed according to the present inclination of Speaker Cannon.

The urgency for the appropriation makes is necessary that immediate action be taken and it is likely that before the end of the week Representative Hepburn, who introduced the bi will ask unanimous consent for its consideration. Should this method excite prolonged debate the committee on rules which was appointed yesterday will take the matter in hand and a rule placing the bill on its passage will be brought in and adopted.

Aside from the necessity of prompt action in supplying funds for the canal work, it is a fine question of committee jurisdiction involved in handling the bill. One part of the measure comes under the head of "general legislation."

Tax on Liquor Dispensaries.

Washington, Dec. 6.—The supreme court of the United States Monday decided that the national government may properly tax the liquor dispensaries of South Carolina. The opinion was delivered by Justice Brewer in the case of the state of South Carolina versus the United States. This action was instituted by the state of South Carolina to recover $30,000 paid to the revenue officers of the national government on account of the sale of liquors by state and county dispensaries under the dispensary law.

Senator Clay Much Improved.

Washington, Dec. 6.—Senator Clay of Georgia, who on Sunday last was taken seriously ill with an attack of acute indigestion, is reported today to be much improved.

Large Fire in Virginia Town.

Manassas, Va., Dec. 6.—A fire broke out early today which swept the business section of the town. The estimated loss is over one hundred thousand dollars.

ED. STARKE KILLED AT NEGRO FESTIVAL

Was Shot Through Window and Death Resulted Instantly.

MURDERER MADE HIS ESCAPE

Starke Was a Peaceable, Industrious Farmer, and No Motive Has Developed for the Rash Act Which Cost Him His Life.

Information reached this city Wednesday of a murder which occurred at Campville Tuesday night, the victim being Edward Starke, colored, an energetic and successful farmer of the Melrose district.

The information was very meager, and notwithstanding that The Sun exercised every effort to secure particulars the effort was unsuccessful; in fact, there seems to be no particulars other than the fact that Starke was attending a colored festival at Campville, and that some person shot him through a window, killing him instantly. The murderer, who was not known, made his escape, and has thus far succeeded in eluding the officers.

Starke was regarded as an unusually industrious negro, and one who attended strictly to his own affairs. No motive could be given for the rash act, but it is believed that the murderer was either after another party, or it was a case of mistaken identity, as the dead man had no enemies of whom his friends were aware.

LEVY TEACHERS' INSTITUTE.

Large Crowd Was Present and Meeting Proved Interesting.

Twenty-five of the most progressive white school teachers of the county attended the institute, which was held in Bronson last Friday and Saturday. It was called to order at 10 o'clock Friday morning by County Superintendent S. Phillips, who made a few brief but appropriate remarks. The citizens there rendered some vocal and instrumental music, which was followed by prayer by Rev. Mr. Steinmeyer of the Methodist church.

The excellent program prepared by Professor Phillips was well carried out. "In Teaching English Grammar Should Teachers Supplement Metcalf's Grammar, and How?" was read by Professor W. J. Malloy and was a most interesting feature of the program, which was highly complimented by all. Prof. Malloy is the principal of the Bronson high school and probably the most efficient teacher in the county.

Another special feature was the lecture of Prof. Tom F. McBeath of Gainesville on "Education for Citizenship." Professor McBeath was given close attention throughout, both by the teachers and the visitors, and his discourse was pronounced one of the best lectures ever delivered to a Levy county audience.

The institute adjourned Saturday. All the teachers expressed themselves as being well pleased with the institute.

Prof. McBeath, who was in attendance all during the institute, and who delivered several informal lectures, was well pleased, and complimented Superintendent Phillips very highly. He states that the schools in Levy county are flourishing, and that as an aggregate the teachers of that county are as competent as he has ever seen.

IN THE CIRCUIT COURT.

Case of L. C. Gracy vs. Atlantic Coast Line Occupied Day.

The only case occupying the attention of the circuit court Wednesday was that of L. C. Gracy vs the Atlantic Coast Line, trespass. The specifications were that the defendant company, by a spark from a passing locomotive, set fire to the saw mill of the plaintiff, near High Springs, and the plant, together with a quantity of lumber, was consumed. Damage was asked in the sum of $2,000, but after the evidence was submitted and argument made, the jury brought in a verdict Wednesday night at 10:10 in favor of the defendant.

Court adjourned until 9 o'clock this morning, when the case of the State vs Fletcher Watson, charged with the murder of Garrett V. Chamberlain, will be taken up.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

JERNIGAN'S NARROW ESCAPE.

Came Near Being Blown to Atoms by Dynamite in Arcadia Fire.

A. D. Jernigan, son of L. A. Jernigan of this city, who has been employed as manager of Marquis' jewelry store in Arcadia for the past few months, came near meeting a fearful death on the night of Thanksgiving, when the town of Arcadia was almost completely destroyed by fire.

Mr. Jernigan, realizing that the store of which he was manager would fall a victim to the flames, rushed into the place through the flames in an endeavor to save what valuable stock he could. While in the building some person applied dynamite, in order to blow the same up and check the raging flames. The dynamite exploded and the entire building was shattered, the front and rear having been blown out.

Mr. Jernigan was knocked down by the concussion, but fortunately did not lose consciousness. He kept his presence of mind and at the first opportunity made his escape from the ruins.

Friends of this young man are gratified that the incident was not more serious, notwithstanding that it will be one which Mr. Jernigan cannot soon forget.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

LEW WALLACE POST.

Regular Meeting of That Post Was Held Tuesday—Good Attendance.

The regular semi-annual meeting of Lew Wallace Post, Grand Army of the Republic, was held in this city, over Dutton's bank, Wednesday and was well attended.

In the absence of Commander H. F. Dutton, who was called out of the city on business, the meeting was presided over by Col. A. P. Morrow.

There was no special business before the meeting and after the transaction of the regular business the meeting adjourned.

The occasion afforded an opportunity for many of the Veterans of the Civil War to come together and it is needless to add that the meeting was a most cordial one.

Violence in the voice is often only the death rattle of reason.—Boyee.

A WAYCROSS WEDDING.

Former Waldo Girl Weds Popular Young Man in Georgia City.

The Waycross Journal of recent date contains the following, which will be of interest to the readers of The Sun in this section:

"The marriage of Miss Edith Leona Mattair and Mr. Henry A. Ferreira, which took place at 8 o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. J. B. Mattair, 68 Folks street, was an interesting event of the week, witnessed by a large circle of friends of the young couple.

"The house was prettily decorated with cut flowers and potted flowers. In one corner of the drawing-room an improvised altar was formed of an arch, decorated with trailing vines and lovely carnations from which was suspended a beautiful wedding-bell of white carnations.

"The bridal party entered to the strains of Mendelssohn's wedding march, played by Miss Jessie Haire; the maid of honor, Miss Etta Strowbridge of Baldwin, Fla., and Mr. Joseph Aldrich as best man, coming first. Then followed the bride and groom, and as the wedding party stood forming a charming group, the Catholic ceremony was read by the Rev. Father Millet of Brunswick.

"After the ceremony the guests were entertained at a reception. A number of handsome presents were received by the young couple.

"The bride has only been living in Waycross a few months, coming here with her parents from Waldo, Fla. She is a young woman of bright personality, with a sweet disposition which has won her many friends, who wish for her much happiness.

"Mr. Ferreira is originally from Fernandina, Fla., and is a young man of fine character.

"For the present Mr. and Mrs. Ferreira are with Mr. and Mrs. J. B. Mattair, 68 Folks street."

UPLAND COTTON IN ALACHUA.

Joseph E. Fugate Makes Experiment and Harvests One Bale.

Deputy Sheriff Joseph E. Fugate of Alachua was in the city yesterday. Mr. Fugate is one of the most successful planters in that section. He brought to market in seed a quantity of short staple or upland cotton which he will have ginned by Dutton & Company, after which the bale will be shipped to W. W. Gordon & Company, Savannah. Mr. Fugate states that, as an experiment, he planted two and one-half acres of this cotton, from which he harvested one bale, about 500 pounds. The plant did not thrive as he anticipated, owing to the weather conditions. The yield would have been double, however, had it not been for the fact that the plant was considerably damaged by water and insects.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

DISCHARGED MAN KILLED.

Fatal Affray at South Georgia Mill. Was Shot Five Times.

Eastman, Ga., Dec. 6.—Monday at Cooper's Mill, J. C. Carr, a young man of this place, was seriously, though not fatally shot by Jim Ogden and, in turn, Ogden was instantly killed by Carr.

Carr is superintendent of the mill and discharged Ogden for some reason which angered him, and he went off and in a short time returned with his shotgun, an shot Carr in the left shoulder, whereupon Carr shot him four times with his pistol, killing him instantly.

RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes intrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak Kidneys, torpid Liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the Kidneys and Liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acrid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

J. & S.-W. RAILWAY IS FORGING AHEAD

Trains Are Now Running West as Far as Suwannee River.

THE WORK IS BEING PUSHED

Large Force Engaged in Grading in LaFayette and Taylor Counties, and Road Will be Completed in Few Months—Suwannee River Bridge.

Chas. V. McQueen of Lexington was in the city Tuesday. Mr. McQueen, who is an extensive contractor, had a contract for grading on the Jacksonville and Southwestern extension of the Atlantic Coast Line from Newberry west, and states that he has finished his work, with the exception of about five miles, having reached a point about ten miles west of the Suwannee river. The iron has been laid to the Suwannee river, and trains are now running to that point. A large force of workmen are engaged on the other side, in LaFayette and Taylor counties, and the completion of the extension to Perry is being pushed as rapidly as possible. Work is also progressing nicely on the railroad bridge spanning the Suwannee, which it is expected will be finished in a few weeks.

The extension of the Jacksonville and Southwestern means a great deal commercially and otherwise for that section traversed, in which the sound of a locomotive whistle has never been heard. It will open one of the richest and most fertile agricultural sections in the State, to say nothing of the access which will be afforded to the millions of acres of fine timber suitable for turpentine and saw mill purposes. Already naval stores and lumber manufacturers are attracted to that country, with the result that lands and timber are being bought up rapidly at good prices. The forests being virgin makes the timber all the more valuable, and for the next fifteen or twenty years the turpentine and milling industries will thrive.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

Florida Syrup for England.

Gainesville will within the next day or two enjoy the distinction of making a consignment of cane syrup to England. The firm of Saunders & Earle yesterday received an order from C. R. Hodges, Ravenscliffe, St. Brelades, Jersey, England, for a quantity of Florida syrup, and the same will be shipped before the end of the week. Mr. Hodges, who is quite wealthy, formerly resided at the English Colony near this city, and knows what a good thing is, as has been demonstrated by this letter. He states that the weather in Jersey is severely cold, and expresses a desire to return to "lovely Florida."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Among the prominent Jacksonville people who are in the city on business are W. E. Gullett, agent for Charles Hurst & Co., lumber, and Jas. M. Des-Rochers, a lumberman. These gentlemen are well known throughout this section, and their friends are always glad to see them.

There are on exhibition in the window of A. L. Vidal & Company a couple of photographs of the Alachua county exhibit at the State Fair, which were furnished through the courtesy of Major John W. Tench, who had charge of the exhibit. The pictures are very creditable and go as evidence of taste in the arrangement of the various products of the county.

Besides being the best descriptive book of Alachua county issued in many years, The Industrial Edition is the only one now to be had. If you want to send one to a friend who desires to know about the city of Gainesville and the county, with a view to locating or coming here to spend the winter, leave 10 cents at The Sun counting room and a copy will be sent free of postage.

Rev. J. Lindsey Patton and wife, five children and servants, arrived yesterday in a private car from Ashland, Va. The family will remain here during the winter, but Dr. Patton, who is a prominent Episcopal minister in charge of a church in Norfolk will be compelled to return within the next few days. He expects to spend a great deal of his time here, however. The family will occupy the Brown House annex, East Main street, N.

Dr. Thos. W. Spranklin of Baltimore, head of the Baltimore Veterinary College and one of the most widely known veterinarians in the South, expects to arrive in the city in a short time and will spend some time here as the guest of C. D. Schafer. Dr. Spranklin was to have arrived here several days ago, but owing to professional duties he was detained. He writes Mr Schafer, however, that he is anticipating his visit very pleasantly and wants to enjoy the novelty of a fox chase and coon hunt while here.

Professor P. Quintius Cason, for some time engaged in teaching in this county, is now vice-principal of the White Springs Normal and High School, which is one of the best educational institutions in the State. He sends a check for $1 for subscription to The Sun and concludes: "Your paper is always a welcome visitor to my reading table and I feel that I cannot do without it, for I want to keep posted on the doings in Alachua county." This is indeed a compliment and The Sun is glad to know that Prof. Cason is well pleased with the paper.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

WHAT WE NEED.

It is well understood that politics, buildings and interest-bearing real estate securities are very useful adjuncts and important factors in every well regulated community, but our people should awaken to one stubborn and overshadowing fact: We need more factories to employ labor. And we will probably never get them until there are Gainesville men of capital who will show their faith by their works and consent to drive their energies and capital in the establishing of them.

What is known as a dead sure thing in an income made up from interest money and rentals of buildings have very little kinship with industrial life which factory buildings and manufacturing industries stand for. The non-producing holding a censorship over the producing, dictating credits, capacity and management, seems to place the cart before the horse; but things are tuned to that key and any variation produces harsh discord.

Simply advertising a town will not bring success, although it brings people to look over the field. New comers look for some ballast to hold the craft level. There must be certain chances taken by capital in the industrial field and when the opportunities are so favorable it seems as though the chances of success are beyond any possibility of doubt.

As usual the House and Senate opened in Washington to packed houses. The galleries were filled to overflowing. The credentials of Senator Taliaferro of Florida were presented by Senator Mallory.

It is announced that the scientists have discovered a new kind of mosquito. But as they are not in demand at the present time the new variety may not be put on the market until next season.

A doctor always seems to get along with an automobile better than most other people. It is said it takes a person with a lot of patients to run one of the machines.

There has been such an influx of money from the East to the West that the people of Kansas are at a loss to know what to do with it. McCurdy is out of a job.

Fertilizers to the value of $1,836,626 were imported into the United States during the first six months of the calendar year.

England has a new cabinet maker in Sir Henry Campbell-Bannerman, who will replace Balfour and his cabinet, resigned.

Congress is now ready for action. The House has its Cannon mounted and there is liable to be a salvo at any moment.

The old veterans of the Confederacy will have a big time in Jacksonville at the reunion on December 14th and 15th.

The worry over football has nearly all passed away and next season's baseball teams will be the topic.

THEY ARE COMING.

Every day people are arriving in Gainesville from the North to take up their home here at least for the winter, and many of them may come here to take their permanent residence. They are always most welcome and will find Gainesville one of the very best towns it. Florida, in point of location, and the people as good as any in the land.

Gainesville starts in the winter under most favorable circumstances, the summer just past having been a most favorable one in point of health, and there it not a taint of any climatic disorder to be found within its borders. The doctors of the city claim we have not had business enough to pay one per cent on their investment, and with the cool, snappy weather at hand, we can be thankful for our many blessings.

People who come here for the purpose of regaining their health need have no fear of any contagion, and the one greatest of all blessings—pure drinking water—is to be enjoyed here by all. There has been much said regarding the Boulware spring water with which our city is supplied, yet still there remains much of truth regarding it of which many are not aware. As an illustration we might relate an incident of a gentleman who came to Gainesville a few days ago for treatment, who said he had been unable for some time to hold water on his stomach until he came here, and the water from our supply did not nauseate him in the least. It is a fact that there are people who come to Gainesville regularly every winter who have faith in the curative properties of this health-giving spring water.

Every year the stranger is coming here to learn of the many natural advantages we have, and we should be prepared to give them a hearty welcome. There has been more people here already this season than at the same time any previous year, and when the advantages become better known we may expect to see the number increase every year.

We want hotels, we want boarding houses and cottages to accommodate these people who come to enjoy our climate, and there should be some method employed so that those who come here would know where they can find comfortable quarters or a house to occupy.

Let someone be ready so that when the people come they will not have to stand on the corner and receive their only greeting from a ranting hack driver.

NOT SQUARE DEAL.

In the United States District Court for the Western District of Missouri, at Kansas City, Mo., on Monday, Judge Phillips delivered an opinion holding that his court was without jurisdiction in the cases brought by the Federal Government charging the Missouri Pacific, the Atchison, Topeka & Santa Fe, and other railways with giving rebates on shipments of salt in Kansas and on coal in Colorado and other products, in violation of the Elkins act. The motion of the railways to quash the proceedings was granted.

The court held that the matter belonged to the jurisdiction of the United States circuit courts for the districts of Kansas and Colorado, under the law, the Supreme Court having decided that the offense had been committed in that jurisdiction. In his decision, Judge Phillips says the Government will never strike at the root of the rebate evil until it goes after the shipper as well as the railroads; that it is not fair play and "a square deal" that the railroads should first be "held up" while the shipper gets the "rake off." The court alluded to the fact that this matter had attracted public attention because of the sensational association of the names of President Ripley and the vice-president, Paul Morton, with the transaction.

OUR INDUSTRIAL EDITION.

The Industrial Edition of The Gainesville Sun is one of the handsomest works of its kind we have seen. It is a credit to its author and will be of great value to Gainesville and Alachua county.—DeSoto County Advertiser.

The Industrial Edition of The Gainesville Sun is one of the best publications of the kind that we have seen in a long time. It is replete with information concerning Alachua county and typographically is a fine specimen of artistic printing. As an advertisement of the resources of Alachua county it will be worth many thousands of dollars to the county it represents.—Jasper News.

The Industrial Edition of The Gainesville Sun, issued on November 15th, is a splendid publication, neatly printed in magazine form and artistically illustrated. It contains 32 pages and is full of interesting and valuable information about Gainesville and Alachua county. The Industrial Edition of The Sun is a credit to its town and county and to its publisher, Editor McCreary.—Leesburg Commercial.

We are in receipt of The Gainesville Sun's special Industrial Edition, which is a most creditable publication, filled to overflowing with valuable information of Alachua county and the enterprising city of Gainesville, which is now the home of the State University.—Bradentown Journal.

The drinking of an abundance of water will prevent appendicitis, because appendicitis is the result of constipation and constipation is the result of insufficient bile and insufficient bile is the result of insufficient supply of liquids. That's what an exchange says, anyway. If anybody wants any further reasons they'll have to go elsewhere, for we're not here to run the doctors out of business.

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nervine. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nervine to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

Commissioner Philip Isaacs, who represented Lee county at the State Fair, sent to Mrs. N. B. Broward, wife of the Governer, a box of the "blue-ribbon fruit," which won for his county the first prize to citrus fruits.

The daily edition of The Taylor County Citizen, W. J. Lee, editor and publisher, has made its appearance. It is a two-column, four-page sheet and will attract considerable attention. It will continue until January 1st, 1906.

Modie Simmons, a young ward of J. C. Calhoun of Perry, was badly burned by her clothing igniting while standing near the fire Monday morning. The flames were extinguished through the efforts of Charlie Wilder, who was also burned about the hands.

Mrs. C. Miller exhibited to us this morning a handsome quince weighing fourteen ounces, which grew on a tree in her Cottage Home grounds. From all appearances it seems fully up to the Northern-grown fruit in quality and flavor.—Orlando Reporter.

George C. White, one of the oldest and most highly estimated citizens of Live Oak, died on Sunday. He was born in Tennessee in 1818, was an honored Confederate soldier and has resided in Florida since 1863. He was a devoted member of the Methodist church.

A. F. Freeman of St. Petersburg has sold to M. W. Ullman of Largo, S. A. Rawles of Ocala and C. H. Lee of St. Petersburg, doing business as Ullman, Rawles & Co., all of his holdings four miles north of St. Petersburg. Two thousand acres of this tract has been cut for turpentine purposes. The price paid to Mr. Freeman was $36,000. The land has only been opened one year, and Mr. Freeman says it is one of the finest pieces of turpentine land in Hillsborough county.

Important Notice.

Gainesville, Fla., December 1, 1905. We wish to give timely notice to our patrons, both gas and electric, that we have found it absolutely necessary to adopt a new system. Beginning on the first day of January, 1906, we will dispense with a collector and adopt the system of mailing the bills to every customer and all bills will be due and payable at our office on or before the 10th day of the month or 10 per cent will be added, and if not paid on or before the 20th inst. the gas and electric service will be discontinued and one dollar charge will be collected for reconnecting service. We are not responsible if bills are not received through the postoffice, as they will be regularly mailed. This rule applies to every gas and electric light consumer. Therefore be governed accordingly, as this system will be rigidly enforced and the following rates for electric current will be in effect January 1st, 1906:

50,000 watts and under, 15c per M watts.

50,000 to 200,000, 12c per M watts.

200,000 to 300,000, 10c per M watts.

300,000 and over, 8c per M watts.

Special rates made for power purposes.

Illuminating gas, $2 25 per M.

Fuel gas, $2 per M.

A discount of 10 per cent if bill is paid on or before 10th of each month.

Respectfully,

GAINESVILLE GAS & ELECTRIC POWER COMPANY.

Thirteen Lost Their Lives.

Halifax, N. S., Dec. 6.—Thirteen lives were lost in the wreck of the steamer Lainberg, which went ashore yesterday off Amherst Harbor, Magdalen islands. A dispatch to that effect was received here today from Meat Cove, near the scene of the wreck, by Leslie, Hart & Son, owners of the steamer. The steamer had a crew of 17 and probably carried several passengers, including Mr. Leslie, a member of the Canadian parliament and a member of the firm which owns the vessel.

Cured Paralysis.

W. F. Baily, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

ALLEGED PEON DISAPPEARED.

Principal Witness Mysteriously Absent In Government Peonage Case.

Columbus, Ga. Dec. 6.—Monday was the time set for the United States grand jury to pass upon the case of W. A. Johnson and Joe Skipper, prominent turpentine operators of Webster county, Georgia, who are charged with peonage, but the investigation was deferred, owing to the fact that the government's principal witness, Arthur Williams, a negro, the alleged peon, disappeared from his home, 5 miles from Cusseta, Ga., Friday night, under very mysterious circumstances.

Williams' wife said that three white men came to their house and forcibly abducted her husband, carrying him off in a vehicle, which was tracked for 10 or 12 miles in the direction of Green Hill, Ga.

Two or three strange white men were seen by negroes in the vicinity of Williams' home Friday, and said they were picture agents.

The offense of peonage is alleged to have been committed some months ago, when Williams was in the employ of Johnson and Skipper. The negro has been bound over to Webster superior court on a charge of breaking his contract.

THREE KILLED IN COLLISION.

Switch Engine Strikes Street Car Causing the Accident.

Bristol, Va., Dec. 6.—A switch engine of the Norfolk and Western railway collided with an eastbound street car of the Bristol Belt Line company on the State street crossing here Monday night shortly after 9 o'clock, demolishing the car and injuring seriously three passengers. The injured are Miss Emma Campbell, cut about the face; Clarence Reynolds, a nephew of R. J. Reynolds, the tobacconist, leg badly crushed; James Bruce, cut about the face and head.

There were five other passengers on the car, who escaped injury.

The accident is said to have been due to the approach of two of the engines from different directions, the one coming from the south attracting the motorman's attention and causing him to shove his car on the track, unmindful of the approach of the other engine.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Notice.

Notice is hereby given that on December 11th, 1905, an election of the stockholders of the East Florida Telephone Company will be held at its office in Gainesville, Florida, for the purpose of voting to increase the capital stock from Five Thousand Dollars to Twenty-Five Thousand Dollars; also at the same time and place a vote will be taken for the adoption of an amendment of Article VI of its charter to read "The highest indebtedness or liability which the corporation can at any time subject itself is Fifty Thousand Dollars."

This 9th day of November, 1905.

TWO ATTEMPTS TO TAKE LIFE.

Man Charged with Murder Eats the Matches and Severs Artery.

Greensboro, N. C., Dec. 6.—Dr. Joseph H. Matthews, who is in jail awaiting a hearing upon the charge of causing the death of his wife by poison, made a second attempt to commit suicide Monday.

Late Sunday afternoon he diluted the heads of a number of matches in a cup of water and swallowed the contents. He soon lost consciousness, but his groans attracted the attention of a prison guard, who summoned a physician, and his life was saved.

Monday, after sharpening the edge of a pewter spoon on his cell floor, he opened an artery in his wrist, but the flow of blood was stopped in time to again save his life. Matthews is raving in his delirium.

WORK OF CONFERENCE ENDS.

South Georgia Ministers to Meet Next Year at Valdosta.

Americus, Ga., Dec. 6.—The three main features of the last day's session of the South Georgia conference of the Methodist Episcopal church, south, were the reading of the appointments and the passing of a resolution to send President Roosevelt protesting against the Jewish massacres in Russia and the selection of Valdosta as the next place of meeting.

Quite a pleasant incident occurred when Dr. J. P. Wardlaw put in nomination Americus as the next place of meeting. Valdosta, however, was selected after Dr. Wardlaw had withdrawn the invitation of Americus. The conference has never been better cared for than at Americus.

Stabbing Occurs at Hog Killing.

Powder Springs, Ga., Dec. 6.—In a difficulty, which occurred on the Bennett plantation, 3 miles from town, Monday morning, Jackson stabbed Bennett, who had struck Jackson with a stick. Jackson was arranging to kill hogs and Bennett was passing by when the difficulty arose. The weapon used by Jackson was a knife used in killing hogs, and penetrated the lower part of the left shoulder blade.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contrated severe colds which speedily developed into the worst kind of la grippe with all it miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

MANY KILLED AND INJURED.

London Roof Collapsed with Fatal Results—Came without Warning.

London, Dec. 6.—The south end of the immense roof spanning the Charing Cross main line station here suddenly collapsed thois afternoon killing or injured many persons and completely blocking the line.

Many workmen and trains were caught in the wreckage. The roof of the avenue theater adjoining the station also collapsed.

About 30 injured have already been taken to the hospital. One of them died immediately and others are in a critical condition. There are a number of dead among the ruins. Some of the wreckage fell on an adjoining cab stand. Several drivers were injured, two horses were killed and several of the cabs were smashed.

The Continental Express, filled with passengers, was standing outside the station waiting for the signal to enter when the collapse of the roof occurred.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

National Tuberculosis Sanitarium.

Washington, Dec. 6.—An appropriation of $100,000 for a national tuberculosis sanitarium is provided for in a bill introduced by Representative Wiley, of Alabama. The bill provides that the sanitarium is to be open to indigent persons of both races who are suffering from tuberculosis of the lungs and is to admit all persons of the army and navy as well as those honorably discharged from the service. Fiovala, Ala., is designated for the place for the sanitarium and it is proved that the surgeon general of the public health and marine hospital service is to have full charge of the sanitarium.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

Sanford Is Refused Bail.

Rome, Ga., Dec. 6.—In chambers today Judge Moses Wright refused bail to Vincent T Sanford, in jail here charged with the murder of George Wright, Sanford had made application for bail on the ground that the jail was unsanitary and injurious to his health. In refusing the application Judge Wright stated that he would change Sanford from this jail to either Atlanta or Summerville, if he or his consel should make application for same.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

A HEROIC BATTLE.

The Enemy Was the Sea, and the Colored Troops Won.

No engagement of the civil war was carried on with more heroism and endurance than that fought by the Forty-ninth United States colored troops after hostilities were over. The Magazine of American History contains an account of the tussle in which the black soldiers bore themselves so bravely. The steamer Merrimac, loaded with cotton, left New Orleans for New York carrying, besides her regular passengers, thirty officers and 900 colored privates.

For several days all went well. Then the vessel sprung aleak, fires were dampened and the alarm spread. It was found that the iron supply pipe through which the water for the condenser was taken from the sea was broken, and the place of leakage could not be reached. The passengers were panic stricken. One small, fat German went about wringing his hands and crying:

"Ach, we are at the bottom of the sea! If we gets pack to New Orleans will dey gif me pack my monish?"

The water gained fast. The only hope lay in keeping afloat until a vessel could be sighted. The colored troops were pressed into service and proved themselves the heroes of the occasion. A line of men was established from the hold to the deck, and buckets were passed as rapidly as hands could move. On deck another line stepped back and forth with well trained military tread. The work below was most exhausting. The men at the bottom could not hold their position more than three minutes at a time. They were blinded and half strangled by the swashing sea water and bruised by the lumps of coal which dashed about.

But no one faltered, and high above the noise rose the clear, sweet voices of the workers, now singing an army song, now a cheery negro melody. The music brought new hope to the hearts of the passengers. Hour after hour the men worked and sang, and the sea did not gain on them.

Two days passed, and the drinking water gave out. Then they could no longer sing, and their parched throats were eased only by a scanty supply of oranges and lemons, but still they worked. On the third day the lights of a steamer were seen only half a mile away. Rockets were sent up, and with great difficulty, on account of her wet ammunition, a gun was fired. To the dismay of all, the steamer passed on. Quickly the soldiers formed a line once more, and the wearisome labor began again.

After sixty-five hours of bucket passing a steamer was sighted which responded to the call for help, and the waterlogged Merrimac was towed into harbor.

The men who had sung so cheerily in the midst of hard labor and in the face of death were thoroughly exhausted, but they had not lost their light hearted gayety.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCallum & Company.

Fighting Shows Race.

"By the way they fight I can tell men's nationality," said a policeman. An Englishman, when he is going to fight, throws his hat and coat in a blustering, bluffing way on the ground. A Scot pulls his hat down tight on his head and buttons his coat carefully. The canny Scot is not going to endanger any of his property. An Irishman appeals to the crowd to hold his coat. The Celtic nature desires sympathy and tries to build it up. A German, methodical, precise, folds his coat in a neat bundle and lays his hat on top of it to hold it down. An American is so anxious to pitch in and have the thing over that he starts fighting without giving a thought to hat or coat."—New York Press.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st. 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

SAMPLE SPELLINGS.

Words on Which Dictionaries Agree and People Differ.

It is not strange considering that our language is in a stage of transition—growing, as all languages do—that authorities should differ on many points; hence we find that our three great dictionaries sometimes differ in the matter of spelling. The following spellings, however, are agreed upon by the Century, International (Webster's) and Standard dictionaries, though many people often vary from them:

absinthin	glycerin
acoustic	gully
ax	hacienda
amidin	Hindu
antemetic	Hindustan
arabin	Mohammedan
adz	mold, -er, -ing
baptize	molt, -ed, -ing
barytone	moneys
benzoin	mustache
Bering (sea)	nickel
blond (adj.)	oculist
bluing	offense
bouquet	paraffin
Budapest	pedagogy
bur	polt
caldron	quartet
calk, -er, -ing	quintet
caligraphy	rarefy
camellia	ruble
cantharadin	straitlaced
carbureted	sestet or sextet
Chile (S. A.)	smolder, -ing
colter	sobriquet
consensus	stanch
cozy	supersede
darky	tranquillity
defense	typify
denouement	veranda
dilettante	vermilion
dram (weight)	vitreous
dumfounded	whir
Eskimo	whisky
gelatin	

How many readers are aware that all our dictionaries give "wolverene" as the correct spelling of the name of the animal from which the Wolverene State takes its name? Here is where the dictionaries vary from popular usage.—Chicago Chronicle.

A Certain Cure for Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Catharine Parr.

Catharine Parr, the sixth wife of the much married Henry VIII., owed more to her intellectual than to her personal charms. She was not good looking, but had a pleasant face and a world of tact. So skillfully did she manage her troublesome husband as actually to turn him against some of the most trusted of his own officials. Once an order was made out for her arrest on a charge of heresy, but she got news of the matter and so cleverly flattered and soothed Henry as to effect a complete reconciliation, and when the officers came to serve the order he drove them out with curses and threats.

Brave or Reckless?

When a young man on a small salary and with the future very uncertain gets married we claim he is as reckless as if he jumped into water and couldn't swim. The romantic may call it courage, but it is pure recklessness.—Atchison Globe.

All Broke Up.

"She was very much affected, was she not, at the bad news?"

"I should say so. Her eyes dropped, her voice broke, her face fell, and finally she burst into tears."—Baltimore American.

Courtesy to Strangers.

If a man be gracious and courteous to strangers it shows he is a citizen of the world and that his heart is no island cut off from other lands, but a continent that joins to them.—Bacon.

A Bunch of Her.

First Artist—What's that you're painting, a mediaeval family group? Second Artist—Not exactly. That's a portrait of Mrs. Henry VIII.—Louisville Courier-Journal.

Anything to Please.

Mudge—See here, what did you mean by saying I wasn't half witted? Yabsley—What shall I say? That you are half witted?

An Emergency Medicine.

For sprains, bruises, burns, scalds and similar injuries there is nothing so good as Chamberlain's Pain Balm. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. Sold by all druggists.

City Directory For Sale.

We have a number of copies of Boyd's City Directory for sale at The Sun office. It is a handy reference book for business and professional men, giving the names of residents, with street and number. Price, $2.

PRESIDENT'S MESSAGE

President Roosevelt's annual message has been delivered to congress. Opening with a plea for the co-operation of all classes in continuing the country's prosperity and in correcting existing evils, for a "square deal" for everybody, the message first takes up the question of corporations and railroad rate legislation. The president says:

Corporations.

I am in no sense hostile to corporations. This is an age of combination, and any effort to prevent all combination will be not only useless, but in the end vicious, because of the contempt for law which the failure to enforce law inevitably produces. The corporation has come to stay, just as the trades union has come to stay. Each can do and has done great good. Each should be favored so long as it does good. But each should be sharply checked where it acts against law and justice.

Experience has shown conclusively that it is useless to try to get any adequate regulation and supervision of these great corporations by state action. Such regulation and supervision can only be effectively exercised by a sovereign whose jurisdiction is coextensive with the field work of the corporations—that is, by the national government. I believe that this regulation and supervision can be obtained by the enactment of law by the congress. If this proves impossible, it will certainly be necessary ultimately to confer in fullest form such power upon the national government by affirmative acment of the constitution.

The laws of the congress and of the several states hitherto, as passed upon by the courts, have resulted more often in showing that the states have no power in the matter than that the national government has power; so that there at present exists a very unfortunate condition of things, under which these great corporations doing an interstate business occupy the position of subjects without a sovereign, neither any state government nor the national government having effective control over them. Our steady aim should be by legislation, cautiously and carefully undertaken, but resolutely persevered in, to assert the sovereignty of the national government by affirmative action.

This is only in form an innovation. In substance it is merely a restoration, for from the earliest time such regulation of industrial activities has been recognized in the action of the lawmaking bodies, and all that I propose is to meet the changed conditions in such manner as will prevent the commonwealth abdicating the power it has always possessed, not only in this country, but also in England before and since this country became a separate nation.

Railroad Rate Legislation.

As I said in my message of Dec. 6 last, the immediate and most pressing need so far as legislation is concerned is the enactment into law of some scheme to secure to the agents of the government such supervision and regulation of the rates charged by the railroads of the country engaged in interstate traffic as shall summarily and effectively prevent the imposition of unjust or unreasonable rates. It must include putting a complete stop to rebates in every shape and form. This power to regulate rates, like all similar powers over the business world, should be exercised with moderation, caution and self restraint, but it should exist, so that it can be effectively exercised when the need arises.

In my judgment, the most important provision which such law should contain is that conferring upon some competent administrative body the power to decide upon the case being brought before it whether a given rate prescribed by a railroad is reasonable and just, and if it is found to be unreasonable and unjust then, after full investigation of the complaint, to prescribe the limit of rate beyond which it shall not be lawful to go—the maximum reasonable rate, as it is commonly called; this decision to go into effect within a reasonable time and to obtain thence onward, subject to review by the courts.

Sometimes happens at present, not that a rate is too high, but that a favored shipper is given too low a rate. In such case the commission would have the right to fix this already established minimum rate as the maximum. There would need only one or two such decisions by the commission to cure railroad companies of the practice of giving improper minimum rates. I can your attention to the fact that my proposal is not to give the commission power to initiate or originate rates generally, but to regulate a rate already fixed or originated by the roads upon complaint and after investigation. A heavy penalty should be exacted from any corporation which fails to respect an order of the commission. I regard this power to establish a maximum rate as being essential to any scheme of real reform in the matter of railway regulation.

It is worth while considering whether it would not be wise to confer on the government the right of civil action against the beneficiary of a rebate for at least twice the value of the rebate. This would help stop what is really blackmail. Elevator allowances should be stopped, for they have now grown to such an extent that they are demoralizing and are used as rebates.

Private Car Lines.

All private car lines, industrial roads, refrigerator charges and the like should be expressly put under the supervision of the interstate commerce commission or some similar body so far as rates and agreements practically affecting rates are concerned. A rebate in icing charges or in mileage or in a division of the rate for refrigerating charges is just as pernicious as a rebate in any other way.

There should be publicity of the accounts of common carriers. Only in this way can violations or evasions of the law be surely detected. A system of examination of railroad accounts should be provided similar to that now conducted into the national banks by the bank examiners. A few first class railroad accountants, if they had proper direction and proper authority to inspect books and papers, could accomplish much in preventing willful violations of the law.

Employers' Liability Law.

In my annual message to the Fifty-eighth congress at its second session I recommended the passage of an employers' liability law for the District of Columbia and in our navy yards. I renewed that recommendation in my message to the Fifty-eighth congress at its second session and further suggested the appointment of a commission to make a comprehensive study of employers' liability with a view to the enactment of a wise and constitutional law covering the subject, applicable to all industries within the scope of the federal power. I hope that such a law will be prepared and enacted as speedily as possible.

There has been demand for depriving courts of the power to issue injunctions in labor disputes. Such special limitation of the equity powers of our courts would be most unwise. It is true that some judges have misused this power, but this does not justify a denial of the power any more than an improper exercise of the power to call a strike by a labor leader would justify the denial of the right to strike. The remedy is to regulate the procedure by requiring the judge to give due notice to the adverse parties before granting the writ, the hearing to be ex parte if the adverse party does not appear at the time and place ordered. What is due notice must depend upon the facts of the case. It should not be used as a pretext to permit violation of law or the jeopardizing of life or property. Of course this would not authorize the issuing of a restraining order or injunction in any case in which it is not already authorized by existing law.

I renew the recommendation I made in my last annual message for an investigation by the department of commerce and labor of general labor conditions, especial attention to be paid to the conditions of child labor and child labor legislation in the several states. Such an investigation should take into account the various problems with which the question of child labor is connected. In such a republic as ours the one thing that we cannot afford to neglect is the problem of turning out decent citizens. The future of the nation depends upon the citizenship of the generations to come. The children of today are those who tomorrow will shape the destiny of our land, and we cannot afford to neglect them. The legislature of Colorado has recommended that the national government provide some general measure for the protection from abuse of children and dumb animals throughout the United States. I lay the matter before you for what I trust will be your favorable consideration.

As to Women Who Work.

The department of commerce and labor would also make a thorough investigation of the conditions of women in

ED. STAR[illegible] AT NEGRO[illegible]

Was Shot Through Wi[illegible]d Death Resulted Instan[illegible]

MURDERER MADE HIS ESCAPE

Starke Was a Peaceable, Industrious Farmer, and No Motive Has Developed for the Rash Act Which Cost Him His Life.

Information reached this city Wednesday of a murder which occurred at Campville Tuesday night, the victim being Edward Starke, colored, an energetic and successful farmer of the Melrose district.

The information was very meager, and notwithstanding that The Sun exercised every effort to secure particulars the effort was unsuccessful; in fact, there seems to be no particulars other than the fact that Starke was attending a colored festival at Campville, and that some person shot him through a window, killing him instantly. The murderer, who was not known, made his escape, and has thus far succeeded in eluding the officers.

Starke was regarded as an unusually industrious negro, and one who attended strictly to his own affairs. No motive could be given for the rash act, but it is believed that the murderer was either after another party, or it was a case of mistaken identity, as the dead man had no enemies of whom his friends were aware.

This notice was written as an insult to a good cause. The Christian people of the town have instituted plays for the benefit of the town and the public good in general. There is a certain element that has no future welfare at heart for their's or no others' sisters or brother and are laying the foundation for hundreds more to walk in the same path.

Can a town with such notices tacked on the postoffice easement promise anything but destruction to its people? Newberry has had a hard chance to grow. It is backed by a phosphate territory unexcelled in the South. By violating the laws of the country, using Sunday for a business day, "blind tigers" for maintaining homes, it is now blackened and scarred by the carrion crows that prey on the carcasses of that which was once pure. S.

Telephone Extension.

The city of Dunnellon on December 1st granted to the East Florida Telephone Company a franchise. This company will as soon after January 1st, 1906, as possible, put in an up-to-date exchange in Dunnellon and connect with all the phosphate mines in that vicinity and points south.

A WAYCROSS WEDDING.

[illegible]rmer Waldo Girl Weds Popular Young Man in Georgia City.

The Waycross Journal of recent date contains the following, which will be of interest to the readers of The Sun in this section:

"The marriage of Miss Edith Leona Mattair and Mr. Henry A. Ferreira, which took place at 8 o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. J. B. Mattair, 68 Folks street, was an interesting event of the week, witnessed by a large circle of friends of the young couple.

"The house was prettily decorated with cut flowers and potted flowers. In one corner of the drawing-room an improvised altar was formed of an arch, decorated with trailing vines and lovely carnations from which was suspended a beautiful wedding-bell of white carnations.

"The bridal party entered to the strains of Mendelssohn's wedding march, played by Miss Jessie Haire; the maid of honor, Miss Etta Strowbridge of Baldwin, Fla., and Mr. Joseph Aldrich as best man, coming first. Then followed the bride and groom, and as the wedding party stood forming a charming group, the Catholic ceremony was read by the Rev. Father Millet of Brunswick.

"After the ceremony the guests were entertained at a reception. A number of handsome presents were received by the young couple.

"The bride has only been living in Waycross a few months, coming here with her parents from Waldo, Fla. She is a young woman of bright personality, with a sweet disposition which has won her many friends, who wish for her much happiness.

"Mr. Ferreira is originally from Fernandina, Fla., and is a young man of fine character.

"For the present Mr. and Mrs. Ferreira are with Mr. and Mrs. J. B. Mattair, 68 Folks street."

THE NEWS FROM MELROSE.

Death of Fine Cow by Snakebite—Industrial Edition of Sun Pleases.

Melrose, Dec. 6.—C. W. Baldwin sustained quite a severe loss lately in the death of a very valuable Jersey cow, apparently from snake bite.

The Melrose citizens were much pleased and gratified by the very nicely written article about their town in the Industrial Edition of The Gainesville Sun. The issue is a fine one, and does great credit to its editor. Several copies have been mailed abroad.

T. A. Birt and family have rented the cottage on Melrose Cove, formerly occupied by C. L. Willets. Mr. Birt proposes to rent out boats and act as guide to hunting and fishing parties.

Both the Huffman House and Bay View served specially fine dinners on Thanksgiving Day.

Miss Layfield of Atlanta is a guest of Mrs. O. C. Husband.

Among the new arrivals at the Huffman House are Mr. and Mrs. C. P. Kinsella, Mrs. W. Ackerman and Dr. and Mrs. J. Paxton, all of Paterson, N. J.; Mrs. M. M. Cookran and Mrs. E. Marshall of Pittsburg, Pa.; W. B. Aycock, Pollard, Ala., and H. Y. Upchurch of Jacksonville.

Mrs. H. W. Hamlyn entertained a few friends very delightfully at cards this afternoon in honor of her mother's, Mrs. Orr's, eightieth birthday.

LEW WALLACE POST.

Regular Meeting of That Post Was Held Tuesday—Good Attendance.

The regular semi-annual meeting of Lew Wallace Post, Grand Army of the Republic, was held in this city, over Dr. Orr's bank, Wednesday and was well attended.

In the absence of Commander H. F. Dutton, who was called out of the city on business, the meeting was presided over by Col. A. P. Morrow.

There was no special business before the meeting and after the transaction of the regular business the meeting adjourned.

The occasion afforded an opportunity for many of the Veterans of the Civil War to come together and it is needless to add that the meeting was a most social one.

J. & S.-W. RAILWAY IS FORGING AHEAD

Trains Are Now Running West as Far as Suwannee River.

THE WORK IS BEING PUSHED

Large Force Engaged in Grading in LaFayette and Taylor Counties, and Road Will be Completed in Few Months—Suwannee River Bridge.

Chas. V. McQueen of Lexington was in the city Tuesday. Mr. McQueen, who is an extensive contractor, had a contract for grading on the Jacksonville and Southwestern extension of the Atlantic Coast Line from Newberry west, and states that he has finished his work, with the exception of about five miles, having reached a point about ten miles west of the Suwannee river. The iron has been laid to the Suwannee river, and trains are now running to that point. A large force of workmen are engaged on the other side, in LaFayette and Taylor counties, and the completion of the extension to Perry is being pushed as rapidly as possible. Work is also progressing nicely on the railroad bridge spanning the Suwannee, which it is expected will be finished in a few weeks.

The extension of the Jacksonville and Southwestern means a great deal commercially and otherwise for that section traversed, in which the sound of a locomotive whistle has never been heard. It will open one of the richest and most fertile agricultural sections in the State, to say nothing of the access which will be afforded to the millions of acres of fine timber suitable for turpentine and saw mill purposes. Already naval stores and lumber manufacturers are attracted to that country, with the result that lands and timber are being bought up rapidly at good prices. The forests being virgin makes the timber all the more valuable, and for the next fifteen or twenty years the turpentine and milling industries will thrive.

ALACHUA ANNALS.

Brief Items From Our Regular Correspondent of the Week's Events.

Alachua, December 5.—Rev. B. F. Amason left Tuesday for Ocala to attend the annual Methodist Conference. Monday night a party of young people called at the parsonage and presented Rev. Amason with $20 to help buy a new overcoat. Delightful refreshments were served the young folks and everything was done to show that the gift was highly appreciated.

Mrs. B. W. Cato and son and Miss Jessie Hawkins have returned from a pleasant trip to South Florida.

E. Marciony, photographer, of Newberry has moved to Alachua for a few months, and will make some photos of our people.

S. C. Dell has purchased the Guy property here. This property is in a very desirable residential section and is a valuable acquisition.

G. D. Ash of Live Oak has opened a general store in the new Powell building, just completed. We are glad to have Mr. Powell with us and trust he will meet with success.

Dr. J. L. Cloud will have his new building completed in a few days.

W. H. Sealey of the Racket Store and Dr. J. C. Bishop, druggist, are keeping abreast of the times and furnishing their stores with handsome combination plate glass counters and show cases.

A movement is on foot to consolidate the three gins at Alachua and have one ginning plant equipped with all the modern machinery, so as to be able to handle the cotton with ease. It is hoped that it will succeed, as it will mean a great deal for this place.

Mrs. W. T. Roberts has returned from a visit to her parents at Melrose.

Mrs. Fannie Baldwin has moved from Old Town to Alachua and is occupying the residence of her son, H. Baldwin.

Mr. and Mrs. C. A. Williams will entertain a few of their friends Wednesday night at an oyster supper.

DEALERS MUST PAY U. S. LICENSE

Cannot Sell Certain Medicines Without Paying for Privilege.

THE DECISION IS A HARDSHIP

Druggists Are Compelled Occasionally to Use Alcohol in the Filling of Prescriptions, but for This Privilege They Must Pay Dearly.

The commissioner of internal revenue, United States Government, ruled several months ago that, after December 1, patent medicines that are known to contain a certain per cent. of alcohol would be placed in the same category as intoxicating beverages.

After due consideration, however, it is understood this distinguished official has extended the time to January 1, in order that druggists may have an opportunity to dispose of such medicines now in stock.

Druggists as a rule feel that this decision will work quite a hardship upon them, as it requires the payment of a United States Government license for the dispensing of alcoholic liquors It will fall more seriously upon druggists of a "dry" town, since a certain druggist has declared that it would seem prima facia evidence that the druggist had purchased the United States license for the purpose of dispensing intoxicating liquors, and that said action might be so construed by the county or local authorities, which would place a druggist subject to arrest at any time.

All druggists, in preparing prescriptions, at certain times must use alcohol, with the result that they must keep it on hand, and to do this they will be compelled to pay the government privilege of $25 a year, besides being subjected to criticism for carrying a Government license.

To say the least, from the first of the year the druggists throughout the country will be subjected to an additional hardship, and those who feel disposed may accuse them of selling intoxicants under the protection of a Government license.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

General Gilchrist Here.

Among the prominent visitors to this city Tuesday was Hon. Albert W. Gilchrist of Ponta Gorda, one of the most widely known and most prominent and progressive citizens of South Florida. General Gilchrist represented DeSoto county in the House of Representatives in the last Legislature, and had the honor and distinction of being elected speaker of the House, which duty he performed with efficiency and impartiality. He has been spoken of favorably by many as the next candidate on the Democratic ticket for Governor, and when asked about the probability of his making the race, good-naturedly replied that he had not yet announced himself. Besides being a lawyer of broad reputation, General Gilchrist is also an extensive real estate owner in DeSoto county.

CUTICURA SOAP

The World's Greatest Skin Soap.

The World's Sweetest Toilet Soap.

Sale Greater than the World's Product of Other Skin Soaps

Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath, and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in one soap at one price the most effective skin and complexion soap, and the purest and sweetest toilet, bath, and nursery soap.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 50c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Props.

WON PRIZE AND DIPLOMA.

C. C. Pedrick, Manufacturer of Buggies, Received Recognition.

C. C. Pedrick, the buggy and wagon manufacturer who had an exhibit at the State Fair, was honored by the judges in the form of the first prize in his line, which was a cash premium of $25 and a blue ribbon and diploma.

Mr. Pedrick did not exhibit a wagon, but carried five "jobs" in high-grade buggies of his own manufacture, which he displayed in the Alachua county exhibit in the main building. This exhibit was one of the most attractive on the grounds and was admired by everyone who understood and appreciated something good in buggies. The judges had no hesitancy in awarding him the first prize, as they realized that the goods deserved it.

Mr. Pedrick succeeded in making three sales at the Fair, hence only two buggies were returned to Gainesville.

Friends of this enterprising manufacturer are congratulating him upon his success.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take Refuse substitutes. J. W. McCollum & Company.

MEETING OF CITY COUNCIL.

But Little Business Was Transacted by the Municipal Legislature.

The City Council convened in regular monthly session at the city hall Monday evening, but the meeting was devoid of anything of especial interest, very little business being transacted except the payment of monthly bills, the filing of a few officers' reports, and the passage of a resolution increasing the salary of J. E. Moyers, driver of the fire department, from $35 to $45 per month. It was the shortest session of the council known in many months.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

BIG MELON CROP.

McLendon and Williams Company Will Plant Hundreds of Acres.

Among the visitors to Gainesville Monday was W. T. McLendon of Alachua, the boss watermelon grower of Alachua county. While Mr. McLendon does not pretend to know any more than a melon grower ought to know, the products of his farm have always enjoyed a reputation as being of extra quality, with the result that he has profited thereby.

Mr. McLendon states that he proposes to begin planting watermelons at the usual spring time, and will put in 100 acres, his usual crop. He states that the Dr. Williams Company, extensive growers, propose to plant this year about 200 acres of watermelons and 400 acres of cantaloupes, on their plantation near Alachua. This will give employment to a large force of hands.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

INJURY TO A LAD.

Young Grover Osteen Fell From Roof of House and Broke Leg.

Information has been received in this city of a serious accident in which young Grover Cleveland Osteen, the 13-year-old son of J. H. Osteen, who resides in the northern section of the county, near Fort White, sustained a broken limb and from which he suffered a great deal.

Young Osteen, it appears, was on the roof of a house which was being reshingled, when his foot slipped and he was precipitated to the ground, a distance of several feet. His left leg was broken just above the ankle. Dr. Getzen of Fort White was summoned and set the broken member and at last accounts the victim was resting as easily as could be expected under the circumstances.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

REPORT OF COTTON GROWN IN 1905

Government Report Makes Number 10,167,818 Bales.

MAY COTTON WENT SKY HIGH

Advance Was Rapid on Monday—Government Report Was One Hour and a Half Late, Which Probably Had Effect Upon the Market.

Special to The Gainesville Sun:

Washington, December 4.—The government report, Agricultural Department, issued today, estimates the number of bales of cotton grown in the United States, growth of 1905, to be 10,167,818 bales of 500 pounds each.

The report was one and one-half hours late in being issued and upon its being reac the price of May cotton advanced from 11.66, the low quotation of the day, to 12.80, closing firm at 12 25.

IN CIRCUIT COURT.

That Tribunal Now on Fourth Week. Monday a Dull Day.

The circuit court, fall term, began its fourth week Monday morning.

There was little actually doing in the court during the day. A large number of cases were continued for various reasons, principal among which was the case of the State vs. James VanAllen, charged with forgery.

The following cases were disposed of:

State vs. Peter Jackson, carrying concealed weapons. Defendant arraigned and pleaded not guilty. Jury called and sworn, trial proceeded, and verdict returned of not guilty.

State vs. Abe Irving, assault with intent to murder. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence and argument submitted, and verdict returned of not guilty.

Court adjourned until 9 o'clock Tuesday morning.

UNITED STATES LAND OFFICE.

Partial List of Business Transacted for the Month of November.

The following is a partial report of the business transacted at the United States land office for the month of November:

114 homestead entries, 12,402 68 acres; 28 final homestead entries, 3,635.82 acres; 56 cash entries, 1,812.39 acres; 11 M. B. land warrants, 1,197.61; 2 Spl. Ind. cert. location, 80.09 acres; 1 Ind. School selection, 39.99 acres.

The correspondence of the office is very heavy from all parts of Florida and from Northern States, and indications are that a great many entries will be made during the next quarter, as many homeseekers are becoming interested in the public lands of the State.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

Movement of Vegetables.

The vegetable movement has begun in earnest, and daily consignments are made from every station in the Gainesville section. These consignments consist principally of beans and peas and from many stations lettuce is being consigned, two solid carloads having already been made up among the growers of what is known as the Gainesville and Rocky Point sections. The acreage is not so large as last season, but growers claim that the plant is more prolific and of superior quality. Good prices are being realized so far on all shipments.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eleminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

THE EASY OIL.

Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

SCOTT & BOWNE, 409 Pearl Street, New York.

DECEMBER ATTRACTIONS.

Manager Layton Has Secured Four Good Shows for This Month.

Manager C. R. Layton of the opera house promises the people of Gainesville some good entertainments during the present month, as he already has booked four first-class attractions, with possibilities for others, as he is in correspondence for open dates.

The first show to come to the opera house this month will be the famous Barlow Minstrels, which it is needless to explain to the theater-goers here. It may be added, however, that this aggregation is bigger and better than ever this season, which is saying a great deal. Barlow will be here on Monday, the 11th inst.

On the 16th that famous and popular pantomine, "Humpty-Dumpty," will hold the boards. This popular production has enjoyed a most successful run in the large cities in the North, and is bound to please those who witness it.

The Black Patti will appear on the 23rd, and on the 27th, which will be on Wednesday, that side-splitting comedy, "Taming a Husband," will be presented by a first-class company.

There are a few open dates which Manager Layton may probably fill, but in the event that no other attraction is booked, our people will be thoroughly entertained this month.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harperville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

HAVE BOUGHT A LOT.

Seventh Day Adventists Will Build Church at North Gainesville.

The congregation of the Seventh Day Adventist Church is small in this section, but they are a determined lot. Several months ago they decided to erect a church building and set about it in the right way. They have succeeded in raising money sufficient to purchase a desirable lot in North Gainesville and in a few weeks will begin the erection of a neat edifice.

The congregation have been accustomed to hold meetings at the homes of the members, alternating as to place.

A SPLENDID SUCCESS

Is the Verdict Regarding Our Industrial Edition.

While the press of the State has been lavish in its praises of our Industrial Edition of The Sun, there are many others who have tendered compliments, for all of which we wish to return our thanks. The two letters here copied we consider worthy of reproduction:

BOWLING GREEN BUSINESS COLLEGE,
Bowling Green, Ky., Nov. 29, 1905.

Hon. H. H. McCreary,
Gainesville, Fla.

My Dear Sir:—Allow me to congratulate you on the Industrial Edition of The Sun. You have made a splendid success of it.

I shall always be interested in Gainesville and Alachua county and I sincerely trust the full measure of success they both merit will ever be theirs.

When the elegant University buildings are erected and the great educational work which will then be possible is once inaugurated I predict a great growth for Gainesville.

My work here is very pleasant. We have one of the few great schools in the South.

Remember me to other friends.

Very truly,
J. M. GUILLIAMS.

New York, Nov. 29, 1905.

Mr. H. H. McCreary, Editor Gainesville Sun, Gainesville, Fla.

My Dear Sir:—We beg to thank you for copy of your Industrial Edition, which is most attractive and appreciated much indeed.

We have referred the copy to our advertising department and hope to be able to embody some of the matter from time to time in our Clyde Line News.

Yours truly,
THEO. G. EGER, Gen. Mgr.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

The Cold Snap.

The change in the weather Monday morning was rather sudden and caused the general use of overcoats and wraps, but it is not believed that vegetation suffered. This was the first real cold snap of the season.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nud, Iowaville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."

Williams, who was found guilty of the murder of Edward Dansby at Pensacola, has been recommended to the mercy of the court, thus saving his neck. There is considerable unfavorable talk on the subject at Pensacola.

Cold storage is doing much to regulate the food supplies of this age. Aside from the enormous business done in preserving meats and eggs by refrigeration from the time of plentiful supplies until the portion of the year when fresh supplies are very meager, the cold storage of fruit in the United States has grown to tremendous proportions. Nearly 3,000,000 barrels of apples were stored last year. Such as were properly picked and handled are still in good condition, showing little deterioration while kept at the required temperature. The demands of the public for food in this country could hardly be satisfied in this age were it not for the remarkable improvements in the matter of refrigeration and the preservation of supplies by cold storage.

PRESIDENT'S MESSAGE.

President Roosevelt's annual message to Congress is a very moderate state document on all subjects, even the reforms so devoutly to be wished. He cautiously approaches the subject of corporations and trade unions, evidently fearing their power, and has the same advice on railroad rate legislation as he presented a year ago, believing a commission should be appointed, and in cases where the rate is exorbitant to establish a limit in maximum and minimum rates, so that no favoritism can be shown.

Private car lines and refrigerator cars, he suggests, should be put under the control of the Inter-State Commerce Commission and a system of examination of railroad accounts established. The department of commerce and labor needs investigation and the condition of women in industry should have attention, to check any cause for disturbance in the social life of the country.

The matter of insurance is brought forth as needing stricter and more universal regulation, and where State supervision is inadequate to make it a National subject.

He does not say much on the tariff, expressing a desire to stand by the old rates, yet he hints at reciprocity. He asks for economy in the public service, a larger volume of money for legitimate business, investigation of the business methods of the departments, and does not want money from corporations for campaign purposes.

A peace conference at The Hague is desired, the strict enforcement of the Monroe doctrine to protect our small republics, and our fostering care extended to Santo Domingo.

The army and navy are praised, a big navy is recommended, a federal bureau of naturalization and more exacting qualifications for citizenship. He wants plenty of immigrants of the right sort, and expresses such a desire for them that he is willing the government should help pay the freight by hinting strongly at subsidizing some of the struggling steamship lines.

The Philippines should have more attention given to agriculture and less time to war, and the Dingley tariff reduced except on sugar and tobacco, and he wants the taxes in Hawaii reduced.

The Panama canal is all right and feasible whether at a sea level or with locks, the sanitation is all right and the only thing needed is money.

The message is not quite as stiff-backed as the people had looked for. It won't frighten the Senate or House.

THEY ARE COMING.

Every day people are arriving in Gainesville from the North to take up their home here at least for the winter, and many of them may come here to take their permanent residence. They are always most welcome and will find Gainesville one of the very best towns in Florida, in point of location, and the people as good as any in the land.

Gainesville starts in the winter under most favorable circumstances, the summer just past having been a most favorable one in point of health, and there it not a taint of any climatic disorder to be found within its borders. The doctors of the city claim we have not had business enough to pay one per cent on their investment, and with the cool, snappy weather at hand, we can be thankful for our many blessings.

People who come here for the purpose of regaining their health need have no fear of any contagion, and the one greatest of all blessings—pure drinking water—is to be enjoyed here by all. There has been much said regarding the Boulware spring water with which our city is supplied, yet still there remains much of truth regarding it of which many are not aware. As an illustration we might relate an incident of a gentleman who came to Gainesville a few days ago for treatment, who said he had been unable for some time to hold water on his stomach until he came here, and the water from our supply did not nauseate him in the least. It is a fact that there are people who come to Gainesville regularly every winter who have faith in the curative properties of this health-giving spring water.

Every year the stranger is coming here to learn of the many natural advantages we have, and we should be prepared to give them a hearty welcome. There has been more people here already this season than at the same time any previous year, and when the advantages become better known we may expect to see the number increase every year.

We want hotels, we want boarding houses and cottages to accommodate these people who come to enjoy our climate, and there should be some method employed so that those who come here would know where they can find comfortable quarters or a house to occupy.

Let someone be ready so that when the people come they will not have to stand on the corner and receive their only greeting from a ranting hack driver.

UPLAND COTTON IN ALACHUA.

Joseph E. Fugate Makes Experiment and Harvests One Bale.

Deputy Sheriff Joseph E. Fugate of Alachua was in the city yesterday. Mr. Fugate is one of the most successful planters in that section. He brought to market in seed a quantity of short staple or upland cotton which he will have ginned by Dutton & Company, after which the bale will be shipped to W. W. Gordon & Company, Savannah. Mr. Fugate states that, as an experiment, he planted two and one-half acres of this cotton, from which he harvested one bale, about 500 pounds. The plant did not thrive as he anticipated, owing to the weather conditions. The yield would have been double, however, had it not been for the fact that the plant was considerably damaged by water and insects.

IN THE CIRCUIT COURT.

Case of L. C. Gracy vs. Atlantic Coast Line Occupied Day.

The only case occupying the attention of the circuit court Wednesday was that of L. C. Gracy vs. the Atlantic Coast Line, trespass. The specifications were that the defendant company, by a spark from a passing locomotive, set fire to the saw mill of the plaintiff, near High Springs, and the plant, together with a quantity of lumber, was consumed. Damage was asked in the sum of $2,000, but after the evidence was submitted and argument made, the jury brought in a verdict Wednesday night at 10:10 in favor of the defendant.

Court adjourned until 9 o'clock this morning, when the case of the State vs Fletcher Watson, charged with the murder of Garrett V. Chamberlain, will be taken up.

PROCEEDINGS OF CIRCUIT COURT

Anthony Polite Convicted of Aggravated Assault.

NUMEROUS OTHER CASES

Were Disposed of at Tuesday's Session—Watson Murder Case Will Probably Come to Trial Thursday. Special Venire to be Summoned.

From Wednesday's Daily Sun.

The circuit court convened at 9 o'clock Tuesday morning and the following cases were disposed of:

State vs. Anthony Polite, aggravated assault. Defendant arraigned and pleaded not guilty. Jury called and sworn, evidence and argument submitted and verdict returned of guilty.

State vs. Fletcher Watson, murder. Prisoner brought into court, when the court ordered a special venire of 36 jury men, said venire to be returned Thursday morning at 8:30 for the trial of this case.

Case of the State vs. Lillie McMillan, charged with selling liquor in a dry county, was continued.

State vs. Alex Woodward, selling liquor in a dry county, nol prossed.

State vs. Jack Sharp, assault with intent to murder. Prisoner arraigned and pleaded not guilty. Case was continued.

The civil docket was then taken up and the case of L. C. Gracy vs. the Atlantic Coast Line, trespass on the case, damage $2,000, was brought on for trial. The jury was sworn and part of the evidence submitted, when the court adjourned until 9 o'clock Wednesday.

The following jury has been empanelled for the week: L. F. Osteen, J. F. Coulter, D. A. Miller, G. W. Dyess, H. M. Baker, B. W. Waits, J. H. Osteen, R. F. Beckham, J. T. Stokes, W. L. Hill, Joe Nobles, E. K. Fagan.

Dr. J. B. S. Holmes and party of Atlanta, Ga., who are enjoying the novelty of a fox hunt at Kanapaha, have been remarkably successful so far. They succeeded in capturing two foxes alive Monday night, which furnished fine sport. Dr. Holmes, who was in the city for a few hours yesterday, states that he proposes to carry the foxes captured here to his home in Georgia. He was here last year, and in one week succeeded in capturing eight foxes, which he took to Georgia, released, and gave his friends the opportunity of a chase.

NEWS OF CITY AND COUNTY CONDENSED

From Thursday's Daily Sun:

James R Smith of Trenton is spending a few days in the city.

Mrs. Olmstead of Alachua was shopping in the city yesterday.

Miss Mattie Reddick of Waldo was registered at the Brown House yesterday.

J. H. Barry, a successful farmer of Alachua, was trading in the city yesterday.

W. B. Reviere, a prominent citizen of High Springs, was transacting business in this city yesterday.

Mr. and Mrs. L. G. Gwynn of High Springs were among those who favored Gainesville with a visit yesterday.

Malcom G. Knight, the wheelwright and blacksmith of High Springs, was a visitor to the county capital yesterday.

Judge Mason has issued marriage licenses to Walter Chambers and Alberta Hill, Harry Jenkins and Susie Dents, colored.

Mr. and Mrs. W. D. Tompkins and A. G. Lamb of Micanopy were among those who favored Gainesville with a visit yesterday.

Prof. M. H. DeVand, one of the efficient bookkeepers of the Bank of Alachua, was a business visitor to Gainesville yesterday.

George Taylor of Palmer, superintendent of the Gainesville Peach Orchard Company, was in the city Tuesday and made The Sun a friendly call.

Sam J. White of McIntosh, W. B. Hammond of Reddick, W. M. Barco and T. W. Simpson of Rochelle and C. E. Dougherty of Orange Heights were visitors to Gainesville yesterday.

The Board of County Commissioners convened in regular monthly session Tuesday, finishing its duties yesterday. A full report of the meeting will be published as soon as same is recorded upon the minute book.

Rev. W. J. Martin of Fannin, Hon. T. A. Doke of Monteocha and Hon. R. B. Weeks of Hawthorn, constituting the county school board, returned to their respective homes yesterday, after having attended the regular monthly meeting of the board.

J. H. Patterson of Orange Heights was a caller at The Sun office yesterday to secure a number of copies of our industrial edition to send to friends in the North. He spoke very highly of the paper and said it was almost of inestimable value to the county and city.

Clyde Reese of Tacoma has accepted the agency of the Atlantic Coast Line at Interlachen and entered upon his duties yesterday. Mr. Reese is an exceptionally bright young man, and will no doubt make a success of his new position. His friends extend congratulations.

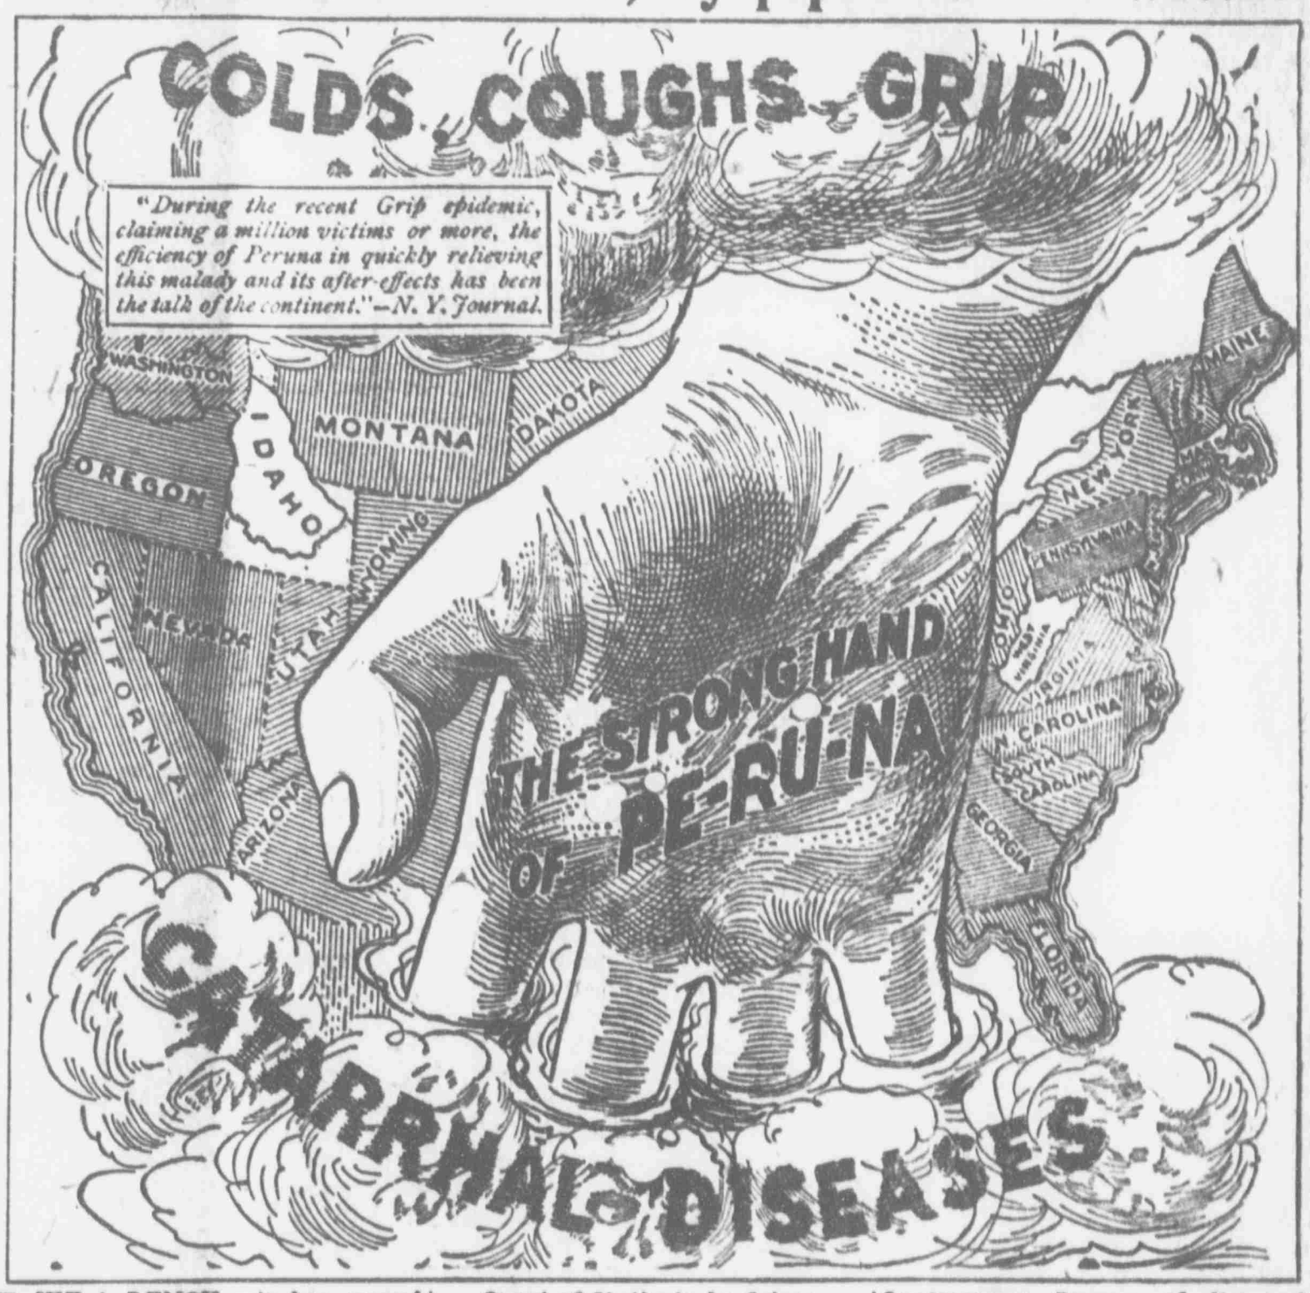
We are in a position to furnish first-class bean, cuke and lettuce hampers, also cabbage and canatloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co, Williston, Fla. dawtf.

T. N. Sutton of Savannah, Ga., was in the city yesterday visiting old acquaintances, and made The Sun a pleasant call. Mr. Sutton and wife formerly resided in this county and they are visiting at the home of her sister, Mr. and Mrs. C. W. Campbell of Paradise, with whom the mother of the two ladies, Mrs Smith, resides. Mr. Sutton is engaged in the railroad business at Savannah and has many friends here.

Rev. T. J. Nixon, pastor of Kavanaugh Methodist Episcopal Church, South, accompanied by his daughter, Miss Louise, left yesterday for Ocala, where they will attend the session of the Florida Conference. Mr. Nixon took to the conference an invitation from the congregation of his church, asking the conference to hold their next annual session in Gainesville. Mr. Nixon has made himself and his church quite popular here, and there is little doubt but that he will be returned for the second year.

Professor P. Quintius Cason, for some time engaged in teaching in this county, is now vice-principal of the White Springs Normal and High School, which is one of the best educational institutions in the State. He sends a check for $1 for subscription to The Sun and concludes: "Your paper is always a welcome visitor to my reading table and I feel that I cannot do without it, for I want to keep posted on the doings in Alachua county." This is indeed a compliment and The Sun is glad to know that Prof. Cason is well pleased with the paper.

The Hand That Wards Off Coughs, Colds, Grip And Restores Nervous, Dyspeptic Catarrh Wrecks.



LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands.

Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Cured of Obstinate La Grippe.

Henry Distin, the inventor and maker of band instruments for the Henry Distin M'f'g. Co., at Williamsport, Pa., is probably the most active old man in Philadelphia to-day. He writes from 1441 S. 9th street, Philadelphia, Pa.:

"I write to inform you that I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try your wonderful medicine, Peruna.

"I began with a bottle the first week in March and it certainly did me a great deal of good.

"I was so well satisfied that I purchased another bottle, and followed your directions which you furnish with every bottle, and I am glad to say that it has cured me. I shall certainly recommend the Peruna to all my friends."—Henry Distin.

Congressman Powers of Vermont Uses Pe-ru-na in His Family.

Hon. H. Henry Powers, writes from Morrisville, Vt.:

"Peruna I have used in my family with success. I can recommend it as an excellent family remedy, and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

Pe-ru-na For Catarrhal Nervousness and Stomach Troubles.

Hon. W. J. Purman, ex-member of Congress from Florida, writes from 1422 Q street, N. W., Washington, D. C.:

"From representations to me, and from my own experience, I feel justified in recommending your Peruna to any and all persons suffering with catarrhal nervousness or stomach troubles."—W. J. Purman.

PRESIDENT'S MESSAGE.

(Continued from First Page).

industry. Over 5,000,000 American women are now engaged in gainful occupations, yet there is an almost complete dearth of data upon which to base any trustworthy conclusions as regards a subject as important as it is vast and complicated. The introduction of women into industry is working change and disturbance in the domestic and social life of the nation. The decrease in marriage, and especially in the birth rate, has been coincident with it. We must face accomplished facts, and the adjustment to factory conditions must be made, but surely it can be made with less friction and less harmful effects on family life than is now the case. This whole matter in reality forms one of the greatest sociological phenomena of our time. It is a social question of the first importance, of far greater importance than any merely political or economic question can be.

In any great labor disturbance not only are employer and employee interested, but also a third party—the general public. Every considerable labor difficulty in which interstate commerce is involved should be investigated by the government and the facts officially reported to the public.

Insurance.

The great insurance companies afford striking examples of corporations whose business has extended so far beyond the jurisdiction of the states which created them as to preclude strict enforcement of supervision and regulation by the parent states. In my last annual message I recommended "that the congress carefully consider whether the power of the bureau of corporations cannot constitutionally be extended to cover interstate transactions in insurance." Recent events have emphasized the importance of an early and exhaustive consideration of this question, to see whether it is not possible to furnish better safeguards than the several states have been able to furnish against corruption of the flagrant kind which has been exposed.

It has been only too clearly shown that certain of the men at the head of these large corporations take but small note of the ethical distinction between honesty and dishonesty. They draw the line only this side of what may be called law honesty, the kind of honesty necessary in order to avoid falling into the clutches of the law. Of course the only complete remedy for this condition must be found in an aroused public conscience, a higher sense of ethical conduct in the community at large and especially among business men and in the great profession of the law, and in the growth of a spirit which condemns all dishonesty, whether in rich man or in poor man, whether it takes the shape of bribery or of blackmail. But much can be done by legislation which is not only drastic, but practical. There is need of a far stricter and more uniform regulation of the vast insurance interests of this country. The United States should in this respect follow the policy of other nations by providing adequate national supervision of commercial interests which are clearly national in character.

I repeat my previous recommendation that the congress should consider whether the federal government has any power or owes any duty with respect to domestic transactions in insurance of an interstate character. That state supervision has proved inadequate is generally conceded.

The Revenues.

There is more need of stability than of the attempt to attain an ideal perfection in the methods of raising revenue, and the shock and strain to the business world certain to attend any serious change in these methods render such change inadvisable unless for grave reason. It is not possible to lay down any general rule by which to determine the moment when the reasons for will outweigh the reasons against such a change. No change can be made on lines beneficial to or desired by one section or one state only. There must be something like a general agreement among the citizens of the several states that the change is needed and desired in the interest of the people as a whole, and there should then be a sincere, intelligent and disinterested effort to make it in such shape as will combine, so far as possible, the maximum of good to the people at large with the minimum of necessary disregard for the special interests of localities or classes, but in time of peace the revenue must, on the average, taking a series of years together, equal the expenditures or else the revenues must be increased. Last year there was a deficit. Unless our expenditures can be kept within the revenues then our revenue laws must be readjusted.

It is impossible to outline what shape such a readjustment should take, for it is as yet too early to say whether there will be need for it. It should be considered whether it is not desirable that the tariff laws should provide for applying as against or in favor of any other nation maximum and minimum tariff rates established by the congress, both to secure a certain reciprocity of treatment between other nations and ourselves.

Economy In Expenditures.

I earnestly recommend to the congress the need of economy and, to this end, of a rigid scrutiny of appropriations. All unnecessary offices should be abolished. In the public printing also a large saving of money can be made. There is a constantly growing tendency to publish masses of unimportant information at which no human being ever looks.

Yet, in speaking of economy, I must in nowise be understood as advocating the false economy which is in the end the worst extravagance. To cut down in the navy would be a crime against the nation. To fail to push forward all work on the Panama canal would be as great a folly.

Currency.

Every consideration of prudence demands the addition of the element of elasticity to our currency system. The evil does not consist in an inadequate volume of money, but in the rigidity of this volume, which does not respond as it should to the varying needs of communities and of seasons. Inflation must be avoided, but some provision should be made that will insure a larger volume of money during the fall and winter months than in the less active seasons of the year, so that the currency will contract against speculation and will expand for the needs of legitimate business. At present the treasury department is at irregularly recurring intervals obliged in the interest of the business world—that is, in the interests of the American public—to try to avert financial crises by providing a remedy which should be provided by congressional action.

Business Methods In Departments.

At various times I have instituted investigations into the organization and conduct of the business of the executive departments. While none of these inquiries have yet progressed far enough to warrant final conclusions, they have already confirmed and emphasized the general impression that the organization of the departments is often faulty in principle and wasteful in results, while many of their business methods are antiquated and inefficient. I recommend that the congress consider this subject.

Federal Elections.

In my last annual message I said:

"The power of the government to protect the integrity of the elections of its own officials is inherent and has been recognized and affirmed by repeated declarations of the supreme court. There is no enemy of free government more dangerous and none so insidious as the corruption of the electorate. No one defends or excuses corruption, and it would seem to follow that none would oppose vigorous measures to eradicate it. I recommend the enactment of a law directed against bribery and corruption in federal elections. The details of such a law may be safely left to the wise discretion of the congress, but it should go as far as under the constitution it is possible to go and should include severe penalties against him who gives or receives a bribe intended to influence his act or opinion as an elector and provisions for the publication not only of the expenditures for nominations and elections of all candidates, but also of all contributions received and expenditures made by political committees."

I desire to repeat this recommendation.

All contributions by corporations to any political committee or for any political purpose should be forbidden by law; directors should not be permitted to use stockholders' money for such purposes, and, moreover, a prohibition of this kind would be, as far as it went, an effective method of stopping the evils aimed at in corrupt practices acts.

The Hague Conference.

The first conference of nations held at The Hague in 1899, being unable to dispose of all the business before it, recommended the consideration and settlement of a number of important questions by another conference to be called subsequently and at an early date. These questions were the following: (1) The rights and duties of neutrals; (2) the limitation of the armed forces on land and sea and of military budgets; (3) the use of new types and calibers of military and naval guns; (4) the inviolability of private property at sea in times of war; (5) the bombardment of ports, cities and villages by naval forces. In October, 1904, at the instance of the interparliamentary union, I issued invitations to all the powers signatory to The Hague convention to send delegates to such a conference and suggested that it be again held at The Hague.

From all the powers acceptance was received, coupled in some cases with the condition that we should wait until the end of the war then waging between Russia and Japan. The emperor of Russia, immediately after the treaty of peace which so happily terminated this war, in a note presented to the president on Sept. 18 took the initiative in recommending that the conference be now called. The United States government in response expressed its cordial acquiescence and stated that it would as a matter of course take part in the new conference and endeavor to further its aims. We assume that all civilized governments will support the movement and that the conference is now an assured fact. This government will do everything in its power to secure the success of the conference to the end that substantial progress may be made in the cause of international peace, justice and good will.

Monroe Doctrine.

There are certain essential points which must never be forgotten as regards the Monroe doctrine. In the first place, we must as a nation make it evident that we do not intend to treat it in any shape or way as an excuse for aggrandizement on our part at the expense of the republics to the south.

But we must make it evident that we do not intend to permit the Monroe doctrine to be used by any nation on this continent as a shield to protect it from the consequences of its own misdeeds against foreign nations. The Monroe doctrine does not force us to interfere to prevent the punishment of a port save to see that the punishment does not assume the form of territorial occupation in any shape. The case is more difficult when it refers to a contractual obligation. This country would certainly decline to go to war to prevent a foreign government from collecting a just debt. On the other hand, it is very inadvisable to permit any foreign power to take possession, even temporarily, of the custom houses of an American republic in order to enforce the payment of its obligations, for such temporary occupation might turn into a permanent occupation. The only escape from these alternatives may at any time be that we must ourselves undertake to bring about some arrangement by which so much as possible of a just obligation shall be paid.

To do so insures the defaulting republic from having to pay debts of an improper character under duress, while it also insures honest creditors of the republic from being passed by in the interest of dishonest or grasping creditors. Moreover, for the United States to take such a position offers the only possible way of insuring us against a clash with some foreign power. The position is therefore in the interest of peace as well as in the interest of justice.

Santo Domingo.

Santo Domingo has now made an appeal to us, and not only every principle of wisdom, but every generous instinct within us, bids us respond to the appeal. The conditions in Santo Domingo have for a number of years grown from bad to worse until a year ago all society was on the verge of dissolution. Fortunately just at this time a ruler sprang up in Santo Domingo who, with his colleagues, saw the dangers threatening their country and appealed to the friendship of the only neighbor who possessed the power and the will to help them. There was imminent danger of foreign intervention. The patience of foreign creditors had become exhausted, and at least two foreign nations were on the point of intervention and were only prevented by the unofficial assurance of this government that it would itself strive to help Santo Domingo in her hour of need.

Accordingly, the executive department of our government negotiated a treaty under which we are trying to help the Dominican people to straighten out their finances. This treaty is pending before the senate. In the meantime a temporary arrangement has been made under which the Dominican government has appointed Americans to all the important positions in the customs service, and they are seeing to the honest collection of the revenues, turning over 45 per cent to the government for running expenses and putting the other 55 per cent into a safe depositary for equitable division in case the treaty shall be ratified among the various creditors, whether European or American.

Under the course taken stability and order and all the benefits of peace are at last coming to Santo Domingo, danger of foreign intervention has been suspended, and there is at last a prospect that all creditors will get justice, no more and no less. If the arrangement is terminated by the failure of the treaty chaos will follow, and sooner or later this government may be involved in serious difficulties with foreign governments over the island or else may be forced itself to intervene in the island in some unpleasant fashion.

Army and Navy.

I do not believe that any army in the world has a better average of enlisted man or a better type of junior officer, but the army should be trained to act effectively in a mass. Provision should be made by sufficient appropriations for maneuvers of a practical kind.

Provision should be made for the promotion of exceptionally meritorious men over the heads of their comrades and for the retirement of all men who have reached a given age without getting beyond a given rank.

There should be an increase in the coast artillery force so that our coast fortifications can be in some degree adequately manned. There is special need for an increase and reorganization of the medical department of the army. In both the army and navy there must be the same thorough training for duty in the staff corps as in the fighting line. The importance of this was shown conclusively in the Spanish-American and the Russo-Japanese wars. The work of the medical departments in the Japanese army and navy is especially worthy of study.

Our navy must, relatively to the navies of other nations, always be of greater size than our army. We have most wisely continued for a number of years to build up our navy, and it has now reached a fairly high standard of efficiency. This standard must not only be maintained, but increased. It does not seem to me necessary, however, that the navy should, at least in the immediate future, be increased beyond the present number of units. What is now clearly necessary is to substitute efficient for inefficient units as the latter become worn out or as it becomes apparent that they are useless. Probably the result would be attained by adding a single battleship to our navy each year, the superseded or outworn vessels being laid up or broken up as they are thus replaced.

Naturalization.

On this subject I recommend:

First.—A federal bureau of naturalization, to be established in the department of commerce and labor, to supervise the administration of the naturalization laws and to receive returns of naturalizations pending and accomplished.

Second.—Uniformity of naturalization certificates, fees to be charged, and procedure.

Third.—More exacting qualifications for citizenship.

Fourth.—The preliminary declaration of intention to be abolished and no alien to be naturalized until at least ninety days after the filing of his petition.

Fifth.—Jurisdiction to naturalize aliens to be confined to United States district courts and to such state courts as have jurisdiction in civil actions in which the amount in controversy is unlimited; in cities of over 100,000 inhabitants the United States district courts to have exclusive jurisdiction in the naturalization of the alien residents of such cities.

Criminal Laws.

In my last message I asked the attention of the congress to the urgent need of action to make our criminal law more effective, and I most earnestly request that you pay heed to the report of the attorney general on this subject.

There seems to be no statute of the United States which provides for the punishment of a United States attorney or other officer of the government who corruptly agrees to wrongfully do or wrongfully refrain from doing any act when the consideration for such corrupt agreement is other than one possessing money value. This ought to be remedied by appropriate legislation. Legislation should also be enacted to cover explicitly, unequivocally and beyond question breach of trust in the shape of prematurely divulging official secrets by an officer or employee of the United States and to provide a suitable penalty therefor.

Merchant Marine.

To the spread of our trade in peace and the defense of our flag in war a great and prosperous merchant marine is indispensable. We should have ships of our own and seamen of our own to convey our goods to neutral markets and in case of need to re-enforce our battle line. It cannot but be a source of regret and uneasiness to us that the lines of communication with our sister republics of South America should be chiefly under foreign control. It is not a good thing that American merchants and manufacturers should have to send their goods and letters to South America via Europe if they wish security and dispatch. Even on the Pacific, where our ships have held their own better than on the Atlantic, our merchant flag is now threatened through the liberal aid bestowed by other governments on their own steam lines. I ask your earnest consideration of the report with which the merchant marine commission has followed its long and careful inquiry.

It is a matter of unmixed satisfaction once more to call attention to the excellent work of the pension bureau, for the veterans of the civil war have a greater claim upon us than any other class of our citizens. To them first of all among our people honor is due.

Immigration.

As I said in my last message to the congress, we cannot have too much immigration of the right sort, and we should have none whatever of the wrong sort.

The questions arising in connection with Chinese immigration stand by themselves. The conditions in China are such that the entire Chinese coolie class—that is, the class of Chinese laborers, skilled and unskilled—legitimately come under the head of undesirable immigrants to this country. But in the effort to carry out the policy of excluding Chinese laborers, Chinese coolies, grave injustice and wrong have been done by this nation to the people of China and therefore ultimately to this nation itself. Chinese students, business and professional men of all kinds, not only merchants, but bankers, doctors, manufacturers, professors, travelers and the like, should be encouraged to come here and treated on precisely the same footing that we treat students, business men, travelers and the like of other nations.

As a people we have talked much of the open door in China, and we expect, and quite rightly intend to insist upon, justice being shown us by the Chinese. But we cannot expect to receive equity unless we do equity.

The Civil Service.

Heads of executive departments and members of the commission have called my attention to the fact that the rule requiring a filing of charges and three days' notice before an employee could be separated from the service for inefficiency has served no good purpose whatever. Experience has shown that the rule is wholly ineffective to save any man if a superior for improper reasons wishes to remove him and is mischievous because it sometimes serves to keep in the service incompetent men not guilty of specific wrongdoing. Having these facts in view, the rule has been amended by providing that where the inefficiency or incapacity comes within the personal knowledge of the head of a department the removal may be made without notice, the reasons therefor being filed and made a record of the department. The absolute right of removal rests where it always has rested, with the head of a department. The change is merely one of procedure. It was much needed, and it is producing good results.

Our copyright laws need revision.

Philippines and Other Islands.

During the last year the Philippine Islands have been slowly recovering from the series of disasters which since American occupation have greatly reduced the amount of agricultural products below what was produced in Spanish times.

The agricultural conditions of the islands enforce more strongly than ever the argument in favor of reducing the tariff on the products of the Philippine Islands entering the United States. I earnestly recommend that the tariff now imposed by the Dingley bill upon the products of the Philippine Islands be entirely removed, except the tariff on sugar and tobacco, and that that tariff be reduced to 25 per cent of the present rates under the Dingley act; that after July 1, 1909, the tariff upon tobacco and sugar produced in the Philippine Islands be entirely removed and that free trade between the islands and the United States in the products of each country then be provided for by law.

In my judgment, immediate steps should be taken for the fortification of Hawaii. This is the most important point in the Pacific to fortify in order to conserve the interests of this country. It would be hard to overstate the importance of this need. Hawaii is too heavily taxed. Laws should be enacted setting aside for a period of, say, twenty years 75 per cent of the internal revenue and customs receipts from Hawaii as a special fund to be expended in the islands.

I earnestly advocate the adoption of legislation which will explicitly confer American citizenship on all citizens of Porto Rico.

I wish also to call the attention of the congress to one question which affects our insular possessions generally—namely, the need of an increased liberality in the treatment of the whole franchise question in these islands.

I earnestly ask that Alaska be given an elective delegate.

I recommend that Indian Territory and Oklahoma be admitted as one state and that New Mexico and Arizona be admitted as one state.

Active work in canal construction, mainly preparatory, has been in progress for less than a year and a half. During that period two points about the canal have ceased to be open to debate. First, the question of route; second, the question of feasibility. The point which remains unsettled is whether the canal shall be one of several locks above sea level or at sea level with a single tide lock. On this point I hope to lay before the congress at an early day the findings of the advisory board of American and European engineers.

In addition to sanitating the isthmus, satisfactory quarters are being provided for employees and an adequate system of supplying them with wholesome food at reasonable prices has been created. Hospitals have been established and equipped that are without superiors of their kind anywhere. During the past year a large portion of the plant with which the work is to be done has been ordered. It is confidently believed that by the middle of the approaching year a sufficient proportion of this plant will have been installed to enable us to resume the work of excavation on a large scale.

What is needed now and without delay is an appropriation by the congress to meet the current and accruing expenses of the commission. The first appropriation of $10,000,000 out of the $135,000,000 authorized by the Spooner act was made three years ago. It is nearly exhausted. Unless the congress shall appropriate before that time all work must cease.

[In conclusion the president recommends an increase in the diplomatic and consular service and more adequate compensation of its members.]

It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirteen bottles of the two medicines, and haven't been bothered with my heart since." MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

WANTS REWARD RAISED

For the Apprehension of Those Who Sell Liquor Without License.

Editor Sun: Since the printed copy of the recommendation of the grand jury appeared in The Sun, I have talked to many people concerning it. The large majority of all I have spoken to regret that our last grand jury made any such recommendation. It appears to most people in this way:

If we have a law it had better be enforced. If it is not enforced it becomes worse than no law at all.

From the nature of the case it is difficult to secure sufficient evidence against men who are selling intoxicants illegally to convict them. This being the case unless there is some special incentive no sheriff or deputy is going to run the risk of personal injury and go to the trouble to follow up such cases until he has secured evidence sufficient for conviction. As soon as the officers of the law become indifferent "blind tigers" would become numerous at every cross-road and our county would be in a worse state then during the time when men were licensed to sell.

So, since the county has been voted dry, it is the earnest wish of many of the best citizens that the law be rigorously enforced, and the only way to have this special law effective is to have all the officers of the law constantly on the alert.

I have taken the trouble to speak to a large majority of the people of this section, and the most of them, especially the citizens who own property and pay taxes, are desirous that the county commissioners should increase the reward offered for the conviction of "blind tigers" rather than take it off, or in any other way discourage the sheriff and his deputies in their attempt to carry out and maintain the law. Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

Chas. J. Longman of High Springs spent Sunday in this city.

George Fletcher of Orange Heights was trading in the city yesterday.

R. J. Futch, a merchant of High Springs, was a business visitor to this city yesterday.

Deputy Sheriff J. W. McCann of LaCrosse was in the city on official business yesterday.

D. Williams of Bennington and Wylie Baffie of Jonesville were trading in the city yesterday.

W. T. Chesnut has returned from Florence, S. C., where he was called a few days ago on business.

J. E. Futch of Alachua has returned to his home, after a couple of days spent with his family here.

Mr. and Mrs. C. R. Spivey of Windsor are in the city, guests of Mr. and Mrs. R. B. Peeler, South Gainesville.

Clyde Reese of Tacoma, Wm. Adams of Windsor and J. R. Feaster of Rochelle were among the visitors to this city yesterday.

Mr. and Mrs. John Flewellen have removed to the Abbott place, near Millard Station, where Mr. Flewellen is engaged in trucking.

County Judge H. G. Mason has issued within the past two days licenses to wed to Lewis Thomas and Louisa Hart, William Archie and Gracie Johnson.

Sandie Graham and C. M. Fisher, students of the University of Florida, have returned to Lake City, after a few days spent with their parents in this city.

Mrs. Lida Sparkman and children of White Springs, after a pleasant visit to the former's mother, Mrs. H. A. Fisher, North Gainesville, have returned to their home.

Dr. Andrew Sledd, president of the University of Florida, was in the city for a few hours yesterday on business connected with that institution and its new location.

S. H. Benjamin and son, Hugo, were in the city from Micanopy Sunday. Mr. Benjamin proceeded in the afternoon to New York, where he expects to remain for several days.

J. H. Dye of Micanopy, district manager for the Dixie Portrait Company of Chicago, was a business visitor to Gainesville yesterday. Mr. Dye has a large force of canvassers at work, and reports a most encouraging trade.

S. M. Mixson, for the past two years employed by G. S. Merchant & Co. as a salesman, has opened a grocery on South University street. Mr. Mixson is a thorough business man, popular, and will no doubt enjoy a good trade.

Dr. W. H. Sibley, who makes professional visits to Waldo, states that all patients under his care at that point are resting nicely and on the road to recovery. Miss Lillian Shannon, a trained nurse, has been employed in one case, and left for Waldo yesterday.

Major and Mrs. John W. Tench have returned from Tampa, where the former had charge of the Alachua county exhibit at the State Fair. Friends are congratulating Major Tench upon the fact that Alachua took the fifth prize in awards against the fourteen counties represented.

Attorney J. A. Carlisle, who moved his office from the Porter block to the new Bauknight building a few days ago, has returned to his former quarters, the room in the new office being insufficient to meet the demands. He may be found in future at his former offices, Porter block, corner East Union and West Main streets, S.

M. B. Saunders, member of the firm of Saunders & Earle, Saturday celebrated the twenty-sixth anniversary of his connection with that store. Mr. Saunders went to the store twenty-six years ago a clerk, and gradually worked himself into an interest in the business. As he expressed it, he has "seen them come and go," but he is still there.

Mobile, Ala., Feb. 16, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: During the past year we have sold over twenty-four dozen "Hall's Great Discovery" for kidney and bladder troubles and during that time have received no complaint.

Yours respectfully,
G. VAN ANTWERP & SON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Engineer John Grimes of High Springs was in the city yesterday. Mr. Grimes formerly resided in Gainesville, having been employed as operator in the office of the Southern Bell Telephone Company, and has many friends here who are always glad to see him. He is now running the switch engine of the Atlantic Coast Line in the High Springs yard.

R. W. Bishop, who recently arrived with his family from Terra Alta, W. Va., has become so deeply impressed with the city that he purchased property and is building a neat and comfortable residence on the corner of Franklin and Lassiter streets, East Gainesville. There is a large colony of West Virginians here now and a party of twenty-eight from the vicinity of Terra Alta are expected daily.

Dr. E. B. Howell, Arch Avriett and J. S. Bailey were among the Newberry folks who came to Gainesville yesterday. It will be remembered that Dr. Howell, in an attempt to escape from a buggy to which was attached a runaway horse on Thursday of last week, had the misfortune to severely sprain his wrist. While the wounded member is still in a sling, it is very much improved, and the victim will have entirely recovered in a few days.

Mrs. Margaret P. Howard, accompanied by her daughter, Mrs. General Wagner, and children, and Miss Wagner, have arrived from Pittsburg, Pa., and are now located in their elegant home, 1000 Alachua avenue, East Gainesville. These estimable people have been making Gainesville their winter home for several years, but friends will be delighted to learn that they have come now to remain permanently. They will prove a valuable acquisition to Gainesville society.

From Wednesday's Daily Sun:

Miss Martha Perry of Rochelle was shopping in the city yesterday.

Friends will regret to learn of the indisposition of Perry M. Colson at his home, Alachua avenue.

Homer Love of Trenton, W. L. Lewis of Alachua and L. J. Knight of LaCrosse formed a trio of visitors to this city yesterday.

D. A. Miller, a progressive citizen of Micanopy, is in the city, having been summoned here on jury duty before the circuit court.

Miss Hassie Smith of Wacahoota was in the city yesterday, a guest of friends. She was en route home from LaCrosse, where she has been visiting Miss Bessie Parker.

The Gainesville Planing and Coffin Company, which had a fine exhibit of caskets and coffins of its own manufacture at the State Fair, was awarded a diploma and a blue ribbon for the excellence of work.

Hons John G. Dampier of Hague, F. F Paulling of Hawthorn and J. F. Townsend of Rex, efficient members of the Board of County Commissioners, are in the city attending the regular monthly meeting of the board.

J. G. Osteen of Donnie, the efficient member of the Board of County Commissioners from that district, is in the city in attendance upon the regular monthly meeting of the board. He made The Sun a friendly call yesterday.

Notice to the Public—I have established at Raleigh, Fla., a new and up-to-date grist or corn mill entirely separate and apart from my sawmill, and will grind corn on Saturday of each week, and respectfully solicit the patronage of the public. T. J. CONE.

Friends of Miss Alma Fennell, who has been quite ill for the past few days, will be gratified at the information that her condition is slightly improved, although she is not considered out of danger. It is hoped that her complete recovery will soon be noted.

J. E. Thrasher, one of Micanopy's leading citizens and business men, was in the city Monday and made The Sun an agreeable and profitable call. Mr. Thrasher, who has been conducting a general store for several years, has also associated himself with Dr. H. C. Crawford, and these gentlemen will shortly open a drug store.

Mr. and Mrs. W. J. Ward and little daughter and V. F. Hazard have arrived from New Haven, Conn., and are pleasantly located with Mrs. Pauline McIlvaine, 108 N. Arredondo street. They are here for the winter, and so far are well pleased with the city. Mr. Ward states that he may locate here permanently. He is a prominent contractor and builder of New Haven.

It is understood that Wm. Lynch, who recently lost his sawmill plant at Grove Park by fire, will rebuild at once. The mill was a small one, but those who are in a position to know state that Mr. Lynch proposes to replace it with an up-to-date plant with a cutting capacity of 12,000 feet of merchantable lumber. There is an abundance of fine timber in the vicinity of Grove Park.

Notice is given in The Gainesville Elevator of intention to apply for tax deed to Lot 2, Section 25, Tp. 8, R. 18—80 acres, being assessed at date of issuance of such certificate in the name of T. C. Hunter. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 1st day of January, A. D. 1906.

Sheriff Walter Purvis of Columbia county arrived in the city yesterday after one Mary Cribb, a colored woman wanted in that county upon a charge of accessory in the larceny of a horse and buggy from a farmer near Lake City. After the arrest of the principal the woman made her escape and came to Gainesville, where she was arrested by Deputy Sheriff Granger upon instructions from the authorities of Columbia county. Sheriff Purvis left on the night train with his prisoner for Lake City.

Dear Sir: You are jewelers, therefore, you know the value of a Waltham Movement Watch, and that it is better than the average of its class.

Any painter who paints your house, your neighbor's house and your neighbor's neighbor's house with the L. & M. Paint before March 1, 1906, will get from us a hunting case watch with Waltham movement, either ladies' or gentleman's size.

L. & M. costs about $1.20 per gallon.

Every church will be given a liberal quantity of L. & M. Paint whenever they paint.

4 gallons Longman & Martinez L. & M. Paint mixed with 3 gallons Linseed Oil will paint a house.

L. & M. costs about $1.20 per gallon.

W. B. Barr, Charleston, W. Va., Writes: "Painted Frankenburg block with L. & M.; stands out as though varnished."

Wears and covers like gold.

Don't pay $1.50 for Linseed Oil, which you do in ready for use paint.

L. & M. costs about $1.20 per gallon.

Buy oil fresh from the barrel, at 60 cents a gallon, and mix it with L. & M.

It makes paint cost about $1.20 per gallon.
